Artist Statement
Candice Coltrain

As a small child I was always artistic and creative. I became passionate about graphic design after taking a variety of art classes while in high school. Since then I have vastly expanded my knowledge about graphic and publication design through my studies at Colorado State University. My mission is to stay creative and find a career in the field of marketing and design. I want to expand my skills with print and web media to make myself a valuable worker who knows many different aspects of design. I hope to one day work for a company that is innovative and truly cares about their clients. I want to continue working with local businesses and international companies because I love the challenges and different problem solving strategies that arise with each client. I am eager to continue to learn through my career because as a designer I am always learning new trends, techniques, or timesaving short-cut key commands. I want to work in an environment where I can work collaboratively with co-workers to achieve the best design and marketing solution for each client.

In March 2015, I attended the College Media Business Advertising Manager (CMBAM) conference in Chicago where I won a 3rd place National Award for Best Color Advertisement.

CSU, together with the Larimer County Community, we raised 63,716 lbs. of food and $49,260 in last year’s Cans Around the Oval drive. This translates to a total impact of 260,756 lbs. of food collected. Congratulations on a job well done by everyone involved! Here are the winners for each category for 2014. Winners are based off of a calculation of food items and monetary donations and listed as total impact.

**CSU Departments, Offices & College**

- **College of Business**
