**MARKET ANALYSIS**

The following market analysis is furnished courtesy of Ed Ayres, USDA Market News Office, Phoenix - - -

Direct trade on slaughter steers opened the week on the slow side with buyers very bearish, however sellers resisted lower bids on their current offerings. As a result, closing prices on slaughter steers steady with previous week, overcoming some early weakness; slaughter heifers steady in a limited test. Buyers reflected a fairly good demand for slaughter cattle to meet immediate needs and turned fairly aggressive at midweek, but as these needs were met, tended to back off again. Arizona buyers took only 38% of sales volume with balance to Southern California, except for few loads to San Francisco area. Feeder steers finding limited demand with shipped-in prices generally $5.00 lower. Arizona range land dry and some reports of stock water running low.

Slaughter Steers - Confirmed 11,200. Good to mostly choice 950-1075 lb., yield Gr 2-4; $43.50-44.00 with 1800 at latter price; mixed good and choice 950-1050 lb.; $43.00-43.75; good 900-1125 lb.; $41.50-42.75 with some lots carrying end choice $42.75-43.25; standard to mostly good 1050-1075 lb.; $40.50-41.50 with Holsteins $41.50-41.75.

Slaughter Heifers - Confirmed 200. Mixed good & choice 850-950 lb.; $40.50-41.50 with load mostly good 950 lb. $40.00
