Happy New Year—Circumcision
1st day—364 days to come

A beautiful day. Did some planning for clearing my desk of unfinished work and attended the Rose Bowl football game in Pasadena by television. Iowa University of California and Iowa University. A hard-fought contest between two good teams, where California was definitely outclassed by Iowa. A powerful, skilled and well-coached team, scored 27 to Iowa 28. Attendance announced as over hundred thousand. The Tournament of Roses was elaborate and beautiful. Far far larger and more beautiful than when Carrie and I saw it in 1938.
Friday 2 January 1959

I labored at my desk, clearing some unimportant tasks, which I finish. Have a real problem in carrying on the Publications of the Year, especially the Periodicals. They occupy much space and the present duties. The present reference to them is not of them. For the Present, I can store them in my Basement Storage. Work was not very today. Much effort required. Limited resources at present. Weather nice this evening.

Saturday 3 January 1959

A cold overcast day. I put in enough time from my desk to see the North-South Football game played in Mobile, Ala., and won by the South 21 to 13. Also participated in the statement of expenses as a delegate to the Convention of the National Reclamation Association in Galveston, Texas.

Meals and some expenses paid to plane and train totaling $1185. 1958.
Sunday 4 January 1959
Second Sunday after Christmas
4th day - 361 days to come

A real cold, cloudy Winter Day. I labored at my Desk for considerable time installing the lower drawer space in the back of Drawers on the West Piece of the Dining Room. I used half-inch insulation board I had in the Shop, left a 3/4“ air space on the Insulation Board, getting this as close as I could to the space so we have a 3/4“ air space 1/2 inch of Insulation, new area open between this and bottom of Drawers, pretty tired this evening, died feeling below par.

Monday 5 January 1959
5th day - 360 days to come

A cold Winter Day. Worked at my desk most of the day reading, curving for correspondence, and clearing shelves for this year's periodicals. Anna went to Decker with her friend Cathy and tried harder, stood on carpole proposed.

The Mail held a given copy of the History of Armenia by Vahan M. Kureghian a present from Dr. K. Kureghian Alumni of The College in Veterinary Medicine.
Tuesday 6 January

Clear and cold describes the weather today. Real effort and disappointing accomplishments in the description of the work of the day, resulting in a very tired evening. As I did not go with Ted and Anna to see Routh and family particularly Marie, who is suffering from a severe injury.

I called it a day early and went to bed.

Wednesday 7 January

Ted and Anna went to the new Nebraska by train from the car to the railroad. They visit his brother. My day was one of detailed accomplish. Not feeling well and work not easy, the afternoon I check a file of papers and see certified at the accumulation of matters needing attention. I surely am not keeping up to what should be done. Our human resources all are of the can give some help on war without Desk Work.
Thursday 8 January 1959

8th day - 357 days to come

Worked at my desk till time to leave for the Monthly Meeting of the Northern Colorado Water Conservancy District Board of Directors. The Weather was good and the review interesting. The Members of the Board work together very well; are very much interested in the operation of the District and the operation maintenance and development programs.

Friend and former leave not taken home as I wrote 11 1/2 PM. Had a good visit with Lawrence long ago, the mail brought a good letter from Mrs. Ramsey of the BoardAgency on fire insurance on our Estes Park property.

Friday 9 January 1959

9th day - 356 days to come

Not feeling well, and a completion for fellow Bob. Anna helped with correspondence and we cared for some important matters. Sorry I overlooked some important meeting particularly the Luncheon of our Emeritus Faculty. Must develop a better system of keeping dates of meetings and other activities. Hope I get to be more normal in health and accomplish more.
Saturday 10 January 1959

A busy hard work day and disappointing accomplishment. Anna gave good help on some desk work, but I could not finish urgent correspondence. Retired then evening.

Sunday 11 January 1959

First Sunday after Epiphany—Alexander Hamilton, Born 1757

11th day - 354 days to come

A beautiful day. We attended Church. Fred did not return from Estes Park on time. We had a very interesting and thought-stimulating sermon.

Our good friends Mr. and Mrs. Cook took me to Maryshome and later Fred and Anna called and Mary spent the day with us. We visited and spent time with television. I did nothing of my desk letters except answer tomorrow.
Monday 12 January 1959

A Beautiful Day.

It was a lovely day to spend with Fred and I attended the funeral service for my old friend "Pat" Healy. An extremely interested and loyal member of the Agricultural College, a successful business man and community leader.

Tuesday 13 January 1959

A busy day. We listened to the inaugural address of Governor McNeil. I later gave an inaugural address. Quite long, very clear, definite, and well delivered.

I went to the Bank with Mr. Jones, got some material from the J. B. Debro shop. On my way home I found the O.H.S.O. lady brought a copy of the Merit System Housing Record of the Appeal of Director of Public Welfare Bertha Wilson of Garfield County to the Local filed by the Board of County Commissioners.
Wednesday 14 January 1959

I "put in" the day studying the record of the Hearing before the Council December 10 last. The record is long and a dim, type-written copy, and difficult to read. So I am very tired this evening, too tired for comfort and sleep.
Wednesday 14 January 1959

I "put in" the day studying the record of the hearing before the Council December 10th. The record is long and a dull type written copy, and difficult to read. So I am very tired this evening, too tired for comfort and sleep.

Thursday 15 January 1959

Missed Council meeting for the hearing before the Dec. Missal by the County Commissioners of their Welfare Director after the hearing before the Council December 10th.

Next page for complete statement Friday.

Tonight need reading help year, read some, looked at my sheets and accomplished little.

Death Calls Carl Rohwer

Carl Rohwer of 221 Mathews Street, who retired 4½ years ago after 40 years' service as an irrigation engineer for the U.S. Agriculture Department, died at the Larimer County Hospital Wednesday night after a 12-day illness.

Mr. Rohwer held the rating of senior civil engineer when he retired on June 30, 1954. He had been stationed on the Colorado State University campus since 1914 as an employee of the USDA's

Fourth among the four children of the Rohwerp family in life, Mr. Rohwer was born in 1882 in Pennsylvania...
Death Calls Carl Rohrer

Carl Rohrer of 221 Mathews Street, who retired 4½ years ago after 30 years in the field of irrigation engineering, died at the Laramie County Hospital Wednesday night after a 2-hour illness.

Mr. Rohrer, who was born in Fort Collins, was the son of the late Dr. Carl Rohrer, was 68 years old. He was a graduate of Colorado State University in 1918 as an employee of the USDA's division of irrigation and drainage, except for Army service during World War I.

He was regarded as an outstanding authority on irrigation and was the author of many published articles, including one in the 1936 USDA Yearbook. His work on "Water," which was described as a classic in the field. This described his findings from experiments on the effects of storage of water from reservoirs and lakes.

Headed Investigations

Mr. Rohrer also conducted investigations on irrigation pumping and irrigation development. He was a pioneer in the use of new flow meters and other phases of irrigation engineering.

He was a native of Fort Collins and was the son of the late Dr. Carl Rohrer. He received civil engineering degrees from the University of Nebraska and Cornell University. His first professional employment was that of a labor assistant for the USDA, later as an irrigation engineer. He served in the Army during World War II and was a second lieutenant in the CFS, where he returned to the ESI campus, where he had served since 1954.

Special Studies

Rising in various USDA engineering grades, Mr. Rohrer was engaged in special studies dealing with water quality, canal seepage, and irrigation engine eratrics.

He was also a fellow of the American Assn. for the Advancement of Science, a member of the Army of Civil Engineers, and the George Beach Post of the American Legion.

Surviving are his widow, Mrs. Rohrer; three daughters, Miss Carol Rohrer and Mrs. Clara Geesaman of Fort Collins, Neb., and Mrs. Helen Thayer of Denver; two sons, George and Harry Rohrer of Fort Collins, and their mother, Mrs. George Rohrer Sr.

The funeral will be conducted by Rev. E. W. Harrison at the Balmer-Collins & Riddle mortuary at 2 p.m. Saturday. Burial will be at Fort Collins.
Pasadena, Jan. 14, 1937

Dear Dr. Jary,

Frederic passed away Dec. 9th after only one day's illness. The cause of his death was coronary thrombus. He became ill early in the morning and passed away late in the same afternoon.
Yours is your Estes Park house. He talked of its many times and we realized some happy experiences.
My very best wishes to the three of you for 1957. I hope that the year may bring health to America.
Most sincerely,
Jane Blake
Parshall to Get Irrigation Honor

DENVER (Special) — Ralph L. Parshall of Fort Collins, retired educator and Department of Agriculture irrigation engineer, is the 1958 winner of the "Headgate Award," conferred by the Four States Irrigation Council for outstanding contributions to irrigation development.

Others who will receive the award at a dinner in the Albany Hotel next Thursday are H. T. Person of Wyoming, George E. Johnson of Nebraska and Guy W. Caldwell of Kansas.

A year ago Dr. Charles A. Lacy, retired president of Colorado State University, received the first annual Headgate Award for Colorado. The award is a handsome bronze plaque that includes the phrase "Pro Populis" — for the people.

Praised by Director

"Colorado members of the Four-States Council chose wisely when they picked Ralph Parshall," said the council's director-at-large, R. J. Walter, Jr., regional director of the Bureau of Reclamation. "He has had a distinguished career in work related to irrigation."

Mr. Parshall, a graduate of CSU, taught there from 1905 to 1913, when he began work for the Department of Agriculture. As an irrigation engineer for the department, and since his retirement from the federal service in 1948, he has used the CSU laboratories for experiments and tests of a wide variety of apparatus.

Invented Devices

The "Parshall flume," a device he invented for measuring water flow, is widely used in this country and overseas. He also developed velocity meters, designs of sand traps, and many other water flow devices, and methods of meas-

I labored at my desk. Alleen.

The funeral service for our good friend Earl Rothwell was held at Good Shepherd Church with Rev. Mary, and relatives of Mrs. DeScheuer in the afternoon. a busy day, but limitted time with.
I labored at my desk. Also went to the funeral service for our good friend Carl Kohlwey, and had a good visit withester Mary, a great relation of Mrs. Kohlwey. In the afternoon I had a very busy, but limited desk work.

Four State Irrigation Council and Head State Award Meeting, and Banquet, Albany Hotel, Decatur. Also important Meeting of the Merit Systems Council. The Council approved the action of the Board of County Commissioners of Garfield County. Discussed county Director of Weed War. The meeting lasted till early afternoon. Deemed unanimous. Fred Anna and I had a short shopping trip to Montgomery Ward in the afternoon, and I was a guest of the Three States Irrigation Coordinating Board and Head State award dinner this evening, and had the pleasure of seeing Ralph Parshall's house.
Sunday 18 January 1959
Second Sunday after Epiphany—Transfiguration (Lutheran)
18th day - 347 days to come

Beautiful sunny day. Worked on accomplishment during the day. 
Wrote a poem, fortunately, none of the occupying family 
was seriously injured. 

Tired gained the reputation in giving help in clearing 
and helping the family move to a nearby hospital.

Not feeling up to par and accomplishing little. Not a happy day.

Nea and Nephew of Mrs. Dunn 
are called and look for love 
for her been given a spirit with relatives.

Monday 19 January 1959

Robert E. Lee—Born 1807
19th day - 346 days to come

A cold damp day.

A busy one for me, and no accomplishment. 
Wrote hard on my federal 
Income tax return. Weather 
was not accomplish. Like 
easily and lose your cool work.

Anna went to Denver with 
her friend Cathy, and Mrs. 
December so at a go money 
this evening. Tired out and 
other antique car, and the Waitress for the Public 
Receiver Company found the 
book in the Gas Main. 
Car caused the declarator of 
Saturday night, a break in the 
main causing by a highway 
warner. Pretty third tonight.
Tuesday 20 January 1959

Weather quite good here. Not as for the Western and Southern part of the State. Many schools closed by the storm, I balanced at my desk, but no complaints little, sometimes I stick a check book. Which I need. My efforts at my in come tax return acomplished little. A tiresome and most busy job of work. I wrote to Charles H. Hay, Keeper of the Archives of the Colorado Sabdostine Club. Hes seen. Hope the night's sleep is good Medicine, and I feel better tomorrow.

Wednesday 21 January 1959

Stonewall Jackson—Born 1824
21st day - 344 days to come

A cold sunny day. several cold reported from all parts of the state. I started at my desk. Some time on my Income tax return, some on correspondence and study. Received a fine letter from Ben King, our grateful for some trouble, included a poem line was returned with other copies. I appreciate this thoughtfulness. Had a very good meal with Mr. and Mrs. Jackson. Tried working on my income tax return. Progress good. Installed plastic film window in one of the screen rooms. Put up. Windows of the living room. Real unhappy for mislaying some very expensive water color papers.
Thursday 22 January 1959

Again but cold day. Not feeling well. Acomphic little. We called Dr. Van be prescribed some medicine and less work. In spite of all my efforts & decy can not clear my desk and preparing my dreams they return requiring entirely too much time. Also by about slowing once computer and investigating day accomplishment & the I am back today. I hope Dr. Van's medicine will restore some of my ability to accomplish.

Friday 23 January 1959

A clear pleasurable day. Sister Mary was working in the afternoon and evening. Fred and Anna and Mrs. Ldemar went to Decemer for a chair that was being covered by a friend and did not get home till almost after midnights. Mary and I had a wonderful visit.
Saturday 24 January 1959

24th day - 341 days to come

Not feeling well, and accomplished very little. Tried to clean an accumulation off my desk, but succeeded partially. May be by trying harder, I can make decent headway. Keep up, I am training badly now.

Sunday 25 January 1959

25th day - 340 days to come

Septuagesima

I did not attend Church. Fred and Ronnie were called out of town and I did not feel up to walking. Later in the day Mr. Cole invited me to go with him and Mr. Cole. I joined it. It was the Annual Elections and Business Meeting of the Unitarian Church. It was a very good and inspiring meeting. Mr. Cole was elected Treasurer. Mrs. May Fred went to Greenley to see Arthur, Marie and Children. We are much concerned about Marie. Who was very much surprised on a call, I wrote to Bernard, Charles and Donny and Marion and Carolyn and Earl and Naomi.
Monday 26 January 1959

I labored at my desk on correspondence and income tax. Not feeling well and work is not pleasant. Labored at my desk, accomplishment limited.

Tuesday 27 January 1959

A clear, beautiful day.
The electric Range on the 1st floor went out of commission and sheet was asked. Thought of replacing it with a new one. After conferring with the Electric Service Co. and the Westinghouse Agent, we chose a Westinghouse for installation. Due to different cost from the range of our moment of. I am still delinquent in paying our income tax.
Wednesday 28 January 1959

A pleasant "Spring" Day. Not feeling well. wit on my part. Not feeling well, and I do not yet I get going either at the desk or on the Shop.

We had a very good visit with Auntie and Uncle Beverly Dresier. They have recent reunion from Flagstaff and family.

Our New Westinghouse Stone is a beauty and operating well. Will write Marion we are home because to Westinghouse, I labored in my room while Fred and Anna entertained a group from their Church. Carry my church of the day accomplished as little.

Thursday 29 January 1959

A trying day. Not feeling well on the couch all day. Ame. Sister Mary ends her 50th. ride to the June residence. Post Dr. Van Der Schouw's residence, and to the house down West for which was wrecked by a gas explosion. Which Mary had not seen, Fred and Anna took her home shortly after this. I am retiring early, after a worrying and restful unhappy day.
Friday 30 January 1959

A Texas Day there. I labored at my desk, read miscellaneous and checked finances for Dunn's in Kansas. Not feeling up to par, I went to the golf course and some documents from the safe deposit box, including my Will, which is usually be reviewed by an attorney and changed, try as I will. I can not catch up with desk work. We have a letter from the Mayor of Columbus asking for the dress of Mother's Brother, Uncle Fred Stultz.
A cold wintry day. Fred Annex
Mrs. Drummer came. I went to
Kresley. Mrs. Drummer is now
a relative, and we three to see
Aunt Emma. Emma who is
suffering from arthritis re
ceived me in a good. She is
better, still in great pain.
Daughter Blanche gave the help
of her brother and the wife of
another. Aunt Emma has won
derful stamina at age 77.
We then decided to return to
family. Marie is home from the
Hospital and making a painful
recovery for a serious injury
sustained in a fall while skating.
Her Doctor hopes the bones will
not be badly broken until she
reaches back to the community
with her. 

A fine Winter Day. I tried
to clean my desk, from
my Desk. We're spending
and resting in the best way
for more pleasant than
working. A typing, easy to
remaining Day.
A cold snowy day, With Kim's help I got through a few days work. Cleared some questions about fire insurance on our property here in Galloway and in Elk Park. I surely appreciate Thomas Lee's help. The two of us did not clear a question about fire insurance on Shary College by the Shep building at Buoy. Retiring early this evening, Mrs. bander paid 5.22 in the rent of 621 Locust St. College.

Part of the day I was busy at my desk, half of the day I delivered the News Letter of the Colorado Water Congress and we gathered some material and information which may be useful to the Officers of the Congress. We had a snowy day, the snow is continuing tonight. Need questions the city is going to demand that account of keyway larger than to use the Blue and canister the road not safe for a vulnerable auto.
Thursday 5 February 1959

Merit System Council Meeting. Lee on legway prevented my attend-
ing. Phoned Director Kelly.

J. H. North of there but Mrs. Friedler could not attend
because of leg trouble in Denver. I started on my letter to
John B. Barnard Jr. as Executive Director of the Colorado Water
Congress. Looked over other mail but did not clear the file.

Anna left for the letter to
John B. Barnard Jr. as can be
sent tomorrow. A busy day.

Magazine accomplishments.

Friday 6 February 1959

A worrying day. Tried to clear
accumulated correspondence
but accomplished little, feeling
below par, and accomplished
poor. Hope for better condi-
tions tomorrow. Am retiring
early.

Ralph Purcell came in an
unDynasty visit, how glad he
was with the group of Masons
who went to Estes Park at the
installation of the Lodge, and
enjoyed it.

A very trying day.
Saturday 7 February 1959

A trying day, not feeling well and accomplished little. A day where in spite of tiring efforts little is accomplished.

Sunday 8 February 1959

The day was cold and I spent it at home. Fred, Anna and Roscoe went to Berley to see Marie, Arthur and family whom they found very comfortable. And Bert. Emma Kreisinger is better.

I spent the day at my desk but could not catch up with correspondence and other work needing attention. We had a fine Sunday evening. Fred and Ann have just returned from taking Mary Home.
Monday 9th February 1959

A cold, foggy, snowy day. I tried hard to clean some of the work piled on my desk, but some remained. I even went to Denver, but it was much more crowded. In spite of the snow, they got some reports ready. This has been a worrying day. I tried hard, and accomplished little, except in real worry.

Tuesday 10th February 1959

A nice clear day. Which I enjoyed from my desk. I took some mail, showed at my office. In the morning, I reviewed my accomplishments. It was not too helpful in correspondence and helped salvage some of the day's work. A car driven by a young woman struck a tred car from the rear and damaged it for $168.00. The driver was just and did not allow enough space to stop. Colliding with trees, both were severely damaged, not seriously hurt. The police were able to decide and the woman fined $5.00.
Wednesday 11 February 1959

A beautiful day. Sky clear and sunshine warm.
A day of effort, but accomplishment cannot explain, 
aborted some on Income Tax.
My record of expenditures is not complete. As little progress made, feeling somewhat 
than yesterday, but work at rather plateaus slowly.
Tread and wear Church Group Meeting here 
This evening. I am lapsing my 
Studying - Bedroom.

Thursday 12 February 1959

A beautiful clear day, fairly 
Warm, no winds.
Anna and Fred both showed the 
effects of loss of sleep after the meeting last evening.
She went down town to the Church Sale 
and purchased nice apparel for 
friends and relatives. 
I labored at my desk, giving time to the 
come Tax and correspondence 
also to studies of a dental drugs 
time plan for efficient development 
and use of our water resources. Will attend the 
Meeting of the Directors of the 
Northern Colorado Water Concern 
Jamey District Tomorrow.
A pleasant Day for the Meeting of the Board of Directors of the Northern Colorado Water Conservancy District. I missed Secretary-Manager Hill accidentally who was absent.

We had a long good session with consideration by President Gift and Director Robert Ormsby.

I tried to show the Board the importance of the attitude and work of the State Board of Agriculture where it gave all assistance possible in the promotion of the Colorado Gray Thompson team mountain water diversion project on the premises as performance of the Promoters dealing jointly with the farmers and主管部门 of the Western slope. My voice gave any result here.
1959

Sunday 15 February
First Sunday in Lent
46th day - 319 days to come

To avoid exposing others to my cold, I remained home and took care for some correspondence, including a delayed letter to Mrs. Husted.

Monday 16 February
47th day - 318 days to come

alba Adelaide received a letter from Asburystour regarding Grandfather’s Estate and a court summons in Windsor. Brumley at 9am this morning. We did not get over from the Department at the University, the member whom it was given asked for more time.

My cold is worse and quite bothersome, I got under the covers on the couch and slept most of the afternoon. Feeling some better this evening.
Tuesday 17 February

1959

48th day - 317 days to come

Memory stirring Day. Sister Mary Alma and I visited Sister Helen and Ann Marie and discussed the news we receive from Switzerland regarding her recovery. While we were there and asked advice and prayers. Rev. Fr. Peter was the one to see and later arranged for a conference with him at 10 AM tomorrow. The matter is quite involved. We need information regarding the need of close cooperation with Mother's brother. FAMILY OF ANNA CHURCH H. WA.

Directly tired tonight.

Tuesday 17 February 1959

48th day - 317 days to come

Memory stirring Day, Sister Mary Theresa and I issued sister Bolden and Ann Mary and discussed the news we have from Switzerland regarding grandmother Seeberg's will. We decided we need legal advice and agreed lawyer Napper was the one to see and later arranged for a conference with him at 10 AM tomorrow. The matter is quite involved, and we seek information regarding the need of close cooperation with mother's brothers family group in an area near Stoudtburg, W.Va. Pretty tired tonight.

A cold cloudy day with light snow. Anna went to the First National Bank for my birth certificate in and stayed depositing. Unfortunately this does not contain mother's name. We will consult lawyer Rippetoe tomorrow, then possibly see Aunt Emma Keersing in nearby. Sister Mary was with us this afternoon for a good visit. I worked some at my desk, geneal accomplishments was slow. I tire easily and accomplish little. Anna has a very bad cold and went last entirely too much blood from persistant nose bleed. I have a date with Deacon Tommrow at 10 AM for some dental repair.
Thursday 19 February 1959

Anna helped me keep my date with Dr. Cooper. He has lost some of his skill and reverence for tradition. I am fortunate in "My Dentist."

Friday 20 February 1959

Ember Day

Long and heavy overcast. I got most of the day. Director McHardle spoke. Head of the Forestry Division called this afternoon. I scarcely see Missy; much by not attending the meeting of the University. A man without a car and the right to drive it is like the cow boy of five years without a pony. Glenn Smith was here. Chasing some matter on the Indian fur. Tense from Mother's brother's death in Switzerland.
Saturday 21 February 1959

It was a very difficult day. I started to clear my desk of accumulated work and made slow progress. By some time they were planning and finally realized, were really concerned about the latter. Anna promised to help tomorrow. With her assistance we can develop a good work plan and operating procedure. Not well this evening. Hope I am in better condition tomorrow.

Sunday 22 February 1959

A cloudy rainy day. My cold kept me from fishing. I wrote to Marion, Carole, and Naomi. Harry field 1138 Adams St. December 17, invited with the family and watched television. Some of the Western Programs, Railroad construction and Mining Camps are too realistic. One wonders what their affect on the young viewers. Pretty tires this evening.
Monday 23 February

Not a very good Day. Weather wise, fairly good for accomplishment. Arctic air penetrated. We really accomplished, this afternoon I made good Progress on my Basement Retreat. Cleaning some Basem. Wark there. Also enjoy planning and talking about: "Our trip to Switzerland," Not feeling well this evening.

Tuesday 24 February

A day of limited accomplish. ment. Feeling below par, and work difficult. I actually worked only half hour. Spend most of the afternoon on the desk. Worked off a letter to President Nick. This evening, labored some on the Superstructure Project from Mothers Brothers Estate in British fland. Arno has gotten some very interesting travel information on going to Switzerland by Air. He hopes we three make the trip. I wrote President Nick on the need of a Stake Water Conservation and Development Plan.
Wednesday 25 February 1959

Stimulating and curbed my desk and in the shop where I placed Colorado Plateau. I was meeting with Naomi and Carolyn, or in the evening Ann, Fred, and I were guests of Colonel and Mrs. Reed at the University faculty fallies, which were very much enjoyed. Rare Dramatic Talent and Skill were demonstrated. Colonel Reed has called a meeting of the selective service committee on Appeals for March 5th.

Thursday 26 February 1959

56th day - 309 days to come

Stimulated at my desk, and in the shop where I placed Colorado Plateau. I was meeting with Naomi and Carolyn, or in the evening Ann, Fred, and I were guests of Colonel and Mrs. Reed at the University faculty fallies, which were very much enjoyed. Rare Dramatic Talent and Skill were demonstrated. Colonel Reed has called a meeting of the selective service committee on Appeals for March 5th.

Pretty tiring tonight.
Friday 27 February 1959

A busy day with limited accomplishment. Anna compiled the family information for the relatives in Switzerland and the Sexton. Mary and I sent it insured Air Mail today. I packed a Colorado tray for mailing to Marion, died a little last week and some reference reading, feeling better than yesterday.

Saturday 28 February 1959

A busy, interesting Day of perfect Weather and Work to do. I was busy at my desk and I was busy at my desk and I was busy at my desk. And Mary and Dorothea were here for dinner. We all were here for dinner. In the afternoon, Dorothea was much interested in our news from Switzerland. They had a very enjoyable trip and they were in Phoenix, Arizona. We were surprised at the development and rapid increase in population, particularly in the Phoenix area.

The garage was full, and we had a full day. Whether the sale will be made is by the new owner.

Pretty busy this evening.
Sunday 1 March 1959
Third Sunday in Lent
60th day - 305 days to come

Not feeling up to par, so did not attend Church.
Freed wanted me to go to her annie 12/30, this afternoon.
I thought best to stay home.

Ralph Parshall called for a good visit. It is a treat to see him.
I accomplished little at my desk; beyond letters to
Marion and Carl,
Labor at finance. This evening for announce for Re
Tucker,

Monday 2 March 1959
Texas Independence Day
61st day - 304 days to come

It was a busy day of limited accomplishment. D. worked at my desk
during the forenoon, and I
one hour or two afternoon then
thought we could go to Greeley
to see Maria, but Fred could
not leave, the Garage where
he was employed was a new
owner, and Fred was on hand
to see if any changes would
be made in his duties.
I learned till noon, accompl
ished letter afternoon,
Wrote to Clara and Lester
this evening.
A fairly nice day. Weatherwise, quite a limited accomplishment.

In the room, not feeling up to

sort and accomplished nothing

at my desk. Apart the after

noon out of my Ranch, and the

enemy with television.

Appreciate Lawrence having some

coming from an enjoyable

visit! Fred and Anna are

Boulder visiting Fred and Anna.

her daughter, Dorothy and family

A day of how accomplishments.

both at desk or other activity. The day was brightened by a

visit from Rev. Lee Wright, to check on some church

work, checked finances and

brought recorded wea to date.

Payment of our new electric

house electric range took a

good place with my bank

balance. Not feeling up

to par this evening.
Thursday 5 March 1959

64th day - 301 days to come

I read an article in the news.

Dinner for the meeting of the Library Board.

Judge North could not attend.

Mrs. Fisher and I looked at the

interesting session. Fred and Anne

called at noon, we had lunch

there, then drove to Boulder for a

train and conference with the

President of the First National Bank.

We returned to dinner in time

for the meeting of the Selective Ser

vice Appeal Board. We also

visited Mr. and Mrs.

at a June dinner at the

Highway Inn in Berthoud.

We spent the day in getting

home. We sent Marion a telegram

from Boulder. She was born there

during their stay in the community as

acting Head of the Dept of Physics.

---

Friday 6 March 1959

65th day - 300 days to come

A busy day at home. Not only

up to fees, and accomplished

many household chores.

Wrote to Marion.
Saturday 7 March 1959

66th day - 399 days to come

My cold bothersome and accomplishment limited. Really worried about failure of unfinished work. Anne and Fred both busy. Had a good visit with Mr. Ham- mersham. We went to church to see the art and scenery. Join Marie better but hard from constant recovery from her fall.

Write to Williams. Mrs. Wel

India pressed many on Sunday

Sunday 8 March 1959

Fifth Sunday in Lent

67th day - 299 days to come

Cold still bothering. Did not attend church and made some progress on cleaning my work place on my desk. Storm conditions in midwest and East here. Anne and I attended an evening meeting at the Church and heard a very interesting description of Switzerland by Dr. Emil Meyer a member of the Faculty of Higgins. He and wife are charming and gave us a wonderful description of Swiss scenery and people. Anne said those of a person city of our going to Switzerland and received some helpful information.
Monday 9 March 1959

A rather cold sunny day
Not feeling well. A cold.
I got mixed on some of my daily things. Worked hard to get straightened out. Had a letter from the Mayor of Evangelium Switzerland asking for more information of our parents and a good job for one of the very family.

Write up for Sunday March 8.

Ned Shima and I went to Benjamin's for a few hours with his nephew Chris, Waldo and Cecile and Tom Weis and Dorothy.

A very wonderful day.
We had dinner at the hotel
post ice cream and a trip home. A very wonderfull day.

Tuesday 10 March 1959

Father born March 10, 1850 in Switzerland brought to the United States by his widowed mother.
This is the enemy for the old family party which I overlooked in the store.
A busy day. Am still wonderfully well in assembling the information requested by the Mayor of Evangelium Switzerland. When assembled and typed as required was shown a letter from Attorney Derringer who appeared to need it.
I went through Air Mail.
I worked at my desk most of the afternoon, feeling below par this evening, I regret getting to my bed over dates last week end.
Lest and Anna are in Denver to attend the funeral of Fred's Aunt.
11 March 1959

Tuesday, March 10

A fairly casual day, rather lull. I worked at my desk, practically all day, cared for correspondence, read Denver Almanac, particularly the June volume on water by the Denver League of Women Voters. Anna and Fred returned about 4 p.m. from their own night stay in Denver.

Wednesday, March 11

A day of worry. Not feeling well, accomplished little. Spent an interesting two hours at museums, reading the "Colorado Water Resources" prepared and published by the League of Women Voters of Colorado, for a special presentation. We have reasons for pride and gratitude for this John Colombo.

12 March 1959

Thursday, March 12

I labored at my desk, Fred and Anna and Mrs. Dummer went to Denver, Fred and Anna to attend the funeral service of the little adopted daughter of one dear friend and Mrs. Dummer's sister. I worked at my desk, brought my book, returned my typewriter to date, and cured Fred's real bills. We probably have to delay paying my income tax till after April "Pay Day," not feeling too well.
Friday 13 March 1959

The joint Directors, two active and two Emeritus living in Ft. Collins attended the meeting of the Board of Directors of the Northern Colorado Water Conservation District. We had a good discussion. I miss Secretary J.W. Dille, who retired recently, was followed by Bartley. We are doing very well. He shows them my copies of "On the Waterfront" by the League of Women Voters of the U.S. and "Colorado's Water Resources" by the League of Women Voters of Colorado, Inc.

Saturday 14 March 1959

A day of limited accomplish. Despite new efforts, the General Assembly, in conformity with the Secretary's dismissal, rejected the draft of the revised legislative proposal to add "Cultural Relevance" in the General Assembly, as Governor Stephen McNichols. Finally, a jointly satisfactory draft. My other visits, at my desk, produced limited results.

Dinner Mary was worth as this afternoon. We had a grand visit. Other desk work very limited.
Sunday 15 March 1959
74th day - 291 days to come

Fred and Alma were up early and attended early service at the Episcopal Church. We decided to motor to Greeley for a visit with Edna and family. Had lunch at the Trail Restaurant East of Lome. Stopped at the Home Farm, everything seemed to be in order. There was not a Wonderful Visit in Greeley, Aunt Emma Revering could see no one, so our Day was spent with Edna and family. Marie's Mother is still with them but must return home in Denver soon. Marie seems to be making a good but painful recovery.

Monday 16 March 1959
75th day - 290 days to come

A fine day, partly clear. I labored of my chest, cures for some important correspondence unable to clear the accumulation. Not feeling up to par, left living pretty sick, cold no better.
17 March 1959

St. Patrick's Day
76th day - 289 days to come

A rather trying day, not feeling well. Anna and I went down town to get one of our clocks at the Jewelry Store for repair. Made some purchase of shop supplies and a pair of shoes for Anna. Dr. Cooper filled two of my teeth which were pretty sore, we stopped to see Sister Mary and brought her home with us. My labor at my desk was quite limited, and I got mixed up paying some on my life insurance. I transferred my well to the Safety Deposit Box at the First National Bank.

Treat and Anna Tony Marco and Mrs. Rostan in Henderson this evening.

18 March 1959

Wednesday

77th day - 288 days to come

A busy day. I checked the records. My report as president of the Bolo Agricultural College for certain needed information is due 23rd. Will continue to 23-6, feeling fairly well, the teeth Dr. Cooper worked on yesterday are very better. Hope to see Jews church for Easter tomorrow.
Thursday 19 March 1959

St. Joseph
78th day - 287 days to come

I finished theチェック job quite interesting. To go through the index of my reports to the State Board of Agriculture for my years as President. The information on the reclamation cooperation in the proposition and development of the Eagle Lake Colorado River Branch Mountain Division is very interesting. The Governing Board and Members of the faculty presented a splendid service in the promotion of the splendid project of the US Bureau of Reclamation.

Friday 20 March 1959

Not feeling too well, in the garden for work, finished the checkups in my report summary and labored at clearing away miscellaneous work on my desk. A day of tying, but if modern we accomplishment, Anna took Anna took Sister Mary June a run through the Western part of the city. We are surprised at the density. The number of old slums and the change. Carl Collins is increasing very rapidly.
Saturday 21 March

Grandson Donald's Birthday tomorrow. Sadly letter with check. I worked at my desk all noon. Made some headway at clearing the pile of work. Ralph Parshall called this morning. We had a grand visit.

Sunday 22 March

2:15 PM I received a late phone call from Barbara and the Wonder. Joel born of the birth of her son, a robust 9 pound baby. Lottie, Moth, and Child were all naturally thrilled. Charlie is proud and happy. Grandparents Marion and Carolyn also, and Great Grandfather Moreau. Grandson Downing is a very proud and happy little fellow. We learned the little Great Grandson is named Albert and his mother's father.
Monday 23 March 1959

A day of limited accomplishment. We gave most of the June room to Mr. King, a Marine Engineer who is trying to secure a seaman's certificate. His father was in the faculty of the college here in 1909. We were unable to find the information he needs.

Tuesday 24 March 1959

A busy day of limited accomplishment. I managed to clear some of the work jailed on my desk. Jim from caught up on accumulating mail. I paid our county tax today. I paid our state tax, still have our state and federal income taxes to pay.

Granddaughter Carolyn Louise born March 24, 1959.

Leoni, Pa.
Wednesday 25 March 1959

Wednesday in Holy Week
84th day - 281 days to come

The outstanding storm blown down of the Winter. Many schools closed by the heavy storms made a difficult working day for me. I tried to get important necessary for making out my reports to return within letter headway, but sure I must ask for aid from the State on federal representation. Perhaps Anna and I can lay out the basic plan or procedure for this toward. Pretty tired and discouraged over lack of vigor and mental ability this evening.

We had a wonderful lawn from Marion.

Thursday 26 March 1959

Maundy Thursday
85th day - 280 days to come

A hard day of work. Day partially trying to clear an accumulation of work and making poor progress. One of the days when work lags in spite of effort. Income took a real lag also.
Sunday 29 March 1959

Easter Day
88th day - 277 days to come

A day of good weather. I attended Church. Ann took me down, and She and Ted came for me. We had lunch and supper at Rome. Lunch prepared by Mrs. Davenport and supper by Ted. I spent much time watching television. I especially enjoyed a report on Hawaii. The people of the island are happy as the discovery of statehood and are demonstrating real civic organization and cooperation. Apparently, handling the rights of colored citizens are properly guarded, and demonstrating their ability as a sovereign State of the Union. I think we were doing as well with our colored citizens.

Monday 30 March 1959

Monday in Easter Week
89th day - 276 days to come

I spent most of the day working on my Income Tax return. For Colorado, I did along pretty well but, soon tired and then I simply had to stop my work. I do not have the stamina for long mental effort. All in all the Day was a pleasant one and the evening also. Then Smith came for a conference with Ted re the court he bought. Later we had a good visit. I enjoyed the evening, and hope for a good night.
Friday 27 March 1959
A beautiful day overcast with great melting snow under foot. A busy day of disinterested accomplishments & I was unable to clear the pile of work, and made no progress on my income tax return. Anna and I attended an interesting day at the Methodist Church, and heard a very interesting description of the years at the Colorado Agricultural College by Miss Wattle. The attendance was good, the presentation excellent.
I missed Sigma Xi Meeting Today.

Saturday 28 March 1959
A mixed day of pleasure and trouble. We thoroughly enjoyed the visit of nephew Olive and wife. The purchased a car from Fred and like it. We have not seen much of them and really had a wonderful visit. Laurence Longyear was our guest of supper and the evening with television altogether a very interesting day. I was not able to care for any correspondence or do any work on my income tax return. I did start a project for myself: the basement ceiling with open fiber hot board and wall paper.
I laboured at my desk.
Spend some time in the shop, are thinking of ecology.
The room, and seeing some of our package races.

The easy plan was to use the plastic mat on the ceiling and half wood wall board on the junction, but this would show the ceiling by far less and I question the use of light. Thus, I have not reached a definite decision.

Anne's Birthday began with a very lovely Happy Birthday from Tires, Mrs. Anderson and me, and their Birthday greetings. She is at Church as I write this. 9:15 A.M. I labored at my desk this afternoon, having a busy time finally had to stop.

Dr. Van came by on call this evening, Wanda was able to get the from my medicine label. Take the same medicine and directions about Wanda. A wonderful few hours.
Thursday 2 April 1959

Merit System Council Office moved from La Marita Building to basement of State Capitol. I finished my Income Tax statement for state of Colorado but did not mail it. Well try to get off tomorrow or Saturday at the latest, and hope the National returns come in the way soon.

John Askaitis phoned this morning and asked if I were attending the Board of Directors meeting of the Conservancy District meeting tomorrow. I hope the President will let him know I promised to go.

Pretty tired tonight.

Meeting Board of Directors for Board of Directors meetings. I attended the meeting of the Conservancy District meeting tomorrow. I hope the President will let him know I promised to go.

Friday 3 April 1959

Meeting Board of Directors for Board of Directors meetings. I attended the meeting of the Conservancy District meeting tomorrow. I hope the President will let him know I promised to go.

Pretty tired tonight.
Saturday 4 April 1959

A very pleasant day. We started work on the lawn, had the help of several university students under the direction of our campus head and the large rose bush west of the house. We have filling to do and bought three large loads today.

Sunday 5 April 1959

I failed to attend church. Labored at my desk till seven and family and Marius Mother Mrs. Weber arrived for Arthur's birthday. Marius still has real trouble with the fractured tibia and also helps out with her home work and other activities. Very doing very well as a freshman at the State University and through and David in public school. In spite of her injury Marius has finished some good home improvements. We had a very busy after day.

Anna and I called on Marila Johnson. Sorry we didn't do so earlier, She is critically ill with tuberculosis.
Monday 6 April 1959

A nice spring day. My accomplishments limited and unsatisfactory, but we then amusingly enjoyed the visit of Mrs Ruth Nelson and Mr and Mrs Thomas Brown. I started the sprinkler on the lawn which seems dry. Worked on income tax returns. Had a help just conference with the federal representatives at the State Dry Goods. Trip to clear both State and federal returns. The enemy did not finish. A day of household accomplishment.

Tuesday 7 April 1959

Eleven inches of snow this morning and light fall during the day. Not feeling well and accomplished little at my desk, but equal to the task of completing my State income tax returns. Read some, spent much time on the couch, trying different wayward day. Hope for better conditions tomorrow.
Wednesday 8 April 1959

98th day - 267 days to come

Six inches of snow now on front walk this morning, and some intermittent falls. During the day, I labored at my desk accomplishment disappearing fast offered to take my become less material to a friend down town. He as sure the present will be good.

I was pretty tired by noon and accomplishment after noon was very smaller.

A day of mixed feelings and some disappointment. Team snow practically blue wide clover schools and blue high wage. Not feeling well this evening.

Thursday 9 April 1959

99th day - 266 days to come

Even reaches of snow today.

It reminds me of a similar fall of the Beautiful when as a member of the faculty we lived in our college at 403 Stone St. and I walked through on my trip to the college. Fortunately we are leaving this week. I labored at my desk most of the day with frequent rest periods.

Mrs. Beinler is visiting her brother and bride. This first wife passed away about 2 years ago. He's a successful banker and community leader.
A busy day of limited accomplishment. I labored on two or more reports and memos, cleared some urgent correspondence, had a good visit with sister Mary and "watched" a good baseball game by Chico vs. Denver. Broncos, and cafed a while on desk clearing and accumulated thistles.

A mild day.
Sunday 12 April 1959
Second Sunday after Easter
103rd day - 263 days to come

A fairly good day. Warm enough to open our doors and feel home. I did not attend church and an excellent baseball game on television between the NY Giants and the Cleveland Indians. We indulged in Eisenhower ice cream in response to an advertisement from Lulu petals to have a treat. While James O'Leary and family went to a debutante after noon, my surgeon is not well, we have reason to be worried about him. We tried hard to get dinner at the Sparta man restaurant and enjoyed television later, the program was disappointing.

Monday 13 April 1959

A busy day with limited accomplishments. We have more information regarding Uncle Fred's inheritance. Family urging for me to go to Switzerland next summer is increasing.

Anna help me on an errand of desk work, which is not diminishing as fast as I wish. Fred took Anna, Reena, Mary, and me to Windsor to see my Gay conference with Kaiser Adela on our estate. Foster from Switzerland. Her son, Tony is not well.
Tuesday 14 April 1959

A mild sunny day, Anna and I had a conference with Allen Reifenberg and we galloped
and admired. Replying to the letter from Germany, we
accept to the agreement.

With Nellie Holden and Evening, Dieter Mary joined an
class conference today. Anna
and I prepared small dinner
preparations for tournament and
great: Sanderson John, Albert
Mary, and Anna. Mailed it
after. Anna was with us
this evening. Freed to learn to
Berthoud to see a prospective
new purchaser.

Wednesday 15 April 1959

A busy day at home, catching up on dishes. Work, Mrs. Dunn
was called to 6 tragedies by illness in the family of the day.

We had a good visit with Seidel Mary. Weather fine.

and Estimated Declaration for 1959 must be filed today.
Thursday 16 April 1959

A busy day, including a call at Dr. Davis’ office for a Cardington, my first Baptist term. Brother Wren wants me to join him on a trip to Greeley for a Masonic gathering. We were there from 11 a.m. and a large group from Denver and Greeley. A very fine and enjoyable gathering. We were home by midnight.

Friday 17 April 1959

I cared for correspondence. Repaired the Plaque on the South Screen on the Back Porch, loaded some in the Shop, and slept an hour.

We are concerned about Sister Clara, Lester sent word recently they would not return to Colorado, and we decided we would go see them. We are the family group minus Mary and Addie. We went and they were going by car Sunday. The trip will take two days going possibly 3 or four days in Sturbridge and two days’ return. We will complete arrangements tomorrow and return early Sunday morning.
Saturday 18 April 1959

A cool cloudy, rainy day.

We finished preparations for our auto trip to Searsboro, Iowa. Blasting in the morning, I labored home at my desk, feeling an hour in the afternoon. Had a nice letter from Mrs. Schuller, Allston, Mass., and news about my little grand daughter, who is a Jones of Indiana Dolls, Kansas City.

I went to the bank to supplement our funds for the trip to Searsboro.

Sunday 19 April 1959

Third Sunday after Easter—Patriots’ Day (Me., Mass.)

109th day, 236 days to come

Leaving early this morning for Irvingtown, Iowa, for a visit with Studs Clark, Clarice, Les, and Aunt Mary and Aunt shoreline. The weather was foggy and very dreary. We are leaving now, traveling under cloudy skies and some slight rain. To Nebraska, home, excellent quarter, all feeling well and are looking forward to an early return tomorrow. We made 575 miles today.
Monday 20 April 1959

A Very Interesting Day

Weather fine, but Watson First with Howell and family there with Ralph and family. Wonderful talks. Sister Clara able to take part remarkably well. Fred most helpful. Efficient and generous. Altogether a remarkable day.

Tuesday 21 April 1959

A beautiful Day. Clear Sky and fine sunshine. We toured much of the area around Irvine, large farms, good buildings. Prosperous country ride. Howell showed me the land where he wishes to reside as president. A good modern building with excellent equipment, with scope and useful measure a real estate. The evening with Howells and family most enjoyable and wholesome.
Wednesday 22 April 1959

We visited Ralph and family, a very happy group in a comfortable home and good neighborhood.

Thursday 23 April 1959

We had quite a drive to New London and saw most of the farming area. A wonderful farming area. Drive past the farm where Leota grew up. Erosion is the No 1 source of trouble here.

Funeral Service for
Granddaughter Carolyn Louise
Mary 1948.
Early and leisurely preparations for starting home. Weather beautiful, trip comfortable. We had a good day. Had lunch at St. Joseph and arranged to stay overnight at a new and nicely furnished Motel at Thunder Mnt from Wray, Colorado.

We had a long and very interesting trip from Mayville home over 600 miles and got home in good condition, and we time for Dr. Bower to examine my right wisdom tooth, which unfortunately broke eating hard candy. The ice cream was splendid and we reached home an hour after noon.
Sunday 26 April 1959

I slept late, Fred and Anne attended Church this morning. I labored at my desk most of the day. Wrote to Marion and Corlyne, but could not clear the accumulated correspondence. Not able to clear as much accumulated correspondence as necessary. Having trouble in correspondence in reporting.

I wrote Leslie & orderly.

Monday 27 April 1959

I reported to Dr. Cooper at the Board meeting. He thought my wisdom tooth would be removed. He assured me this was not possible and I would have to do whatever he thought best. He prepared for extraction and removed the tooth with some difficulty. It was broken and one root badly chipped. I hurried to see his assistant and have the root badly chipped. I hurried to see his assistant and have the tooth X-rayed.

I accompanied little used pet to vet today. The area is more comfortable this evening.
Tuesday 28 April 1959

Not feeling up to par, as accomplishment as low, laboring at clearing accumulates correspondence, and some important desk work. Concerned about Mrs. Duncum. Her doctor told her she can no longer do any work.

Wednesday 29 April 1959

I answered John Wray's letter. Laboring at my desk, accomplishing limited. Dr. Cooper checked my area when he had finished his lecture. He said Mr. Bixe is not a good job. I found it helpful. Care is needed in the rest of meals. It slips out easily.

Dinner to Mrs. Huntahl.
Thursday 30 April 1959

I labored at my desk and did a few jobs. Watering the lawn became a chore. With Thomas' help, I cleared some dirt from the flower garden. Mrs. Dummer is not well, and we have a conference with the doctor to discuss her condition.

Friday 1 May 1959

I labored at my desk, with some accomplishmen. The lack of memory caused some trouble. Am really worried, May settle down to one thing to remember. I recall in my diary at the close of each hour the things done. Ralph Dummer called tonight. We had a fine visit, and I learned a lot about the proposed saving Pan American River Tree Mountain Project. Wish I had the comprehension. Knowledge of the proposed project.
Saturday 2 May 1959

Colorado State University Day
Weather: Beautiful. The Parade and Ceremonies were the best to date. The crowd was orderly.
The event was very well attended.
A very wonderful occasion.
A credit to the Students and Institutions, the Community.
and State.

Sister Mary also.

Sunday 3 May 1959

A cool cloudy Day, with a severe thunderstorm at 8:00 PM.
Mrs. Dumler not well. Her leg still is aching, she has not been well for some time and her
condition has not responded to medical treatment. There are still
mysterious signs of pain, hope the
change holds improvement. In
her and easier activities.
We have "auntie" Beverly Brooks
and learned of her health condi-
tion. She is very much
Warried. We hope and pray for
a change for the better.
On many seafoods a very War
saying.
A real rainy day. Fred went to Longmont and helped Mr. and Mrs. Branson move to their home in Estes Park. The weather was cloudy with heavy rain here. I knew she might well wish to be out of the house with the house work. I worked some in the shop, a little bit of my desk, and slept part of the afternoon.

Mrs. Delain is a very warm & sunny person.

On Tuesday 5th May:

A cool day with little sunshine, and very limited accomplishment. I spent in a short shift in the shop, I shot one of my desk, and had a restless nap, and am really worried about the multiplying mental limitations of 86 years. The Aging Process is terrifying rather than interesting. The mental change and limitations are far considerable as of the physical limitations.

Mrs. William G. Holton passed away in Bellevue, Washington.
Wednesday 6 May 1959

A day of fairly good weather quite windy. We had a busy interesting day. We all Miss Mrs. Feinmiller, are really concerned about her. She lost her state position by being out of the state acc. com. not on reinstated for four years. I finished my diet. We lost company Mrs. and Mrs. from California and a real knoll gent. They are traveling by Volkswagen and like it. Saucer Mary with us from mid afternoon. I did some work in the shop during the afternoon. We go to Denver tomorrow for the Merit System Council Meeting.

Thursday 7 May 1959

A real rainy Day in Denver. Fred and Anna took me to Denver for what should be my last meeting with the Merit System Council. My appointment has expired, but as for Governor Mc Nichols has not appeared on one. We had a good trip. I had a very interesting meeting. Though traveling as usual I did talk to her quiet recently to accept an other position. The acting Chief Director did mighty well. Anna is urging me to resign but my original office has not the work and been very interesting, but a younger man can serve far efficiently. We had dinner all day rain in Denver. 5x, 5x, 5x, 5x.
Friday 8 May 1959

A good day. Weather fine. Attended the monthly meeting of the Denver Colorado Water Conservation District. A good meeting. The staff discussed the Director of Secretary Manager Barkley on raising a fund, Directors.

Former Secretary Manager Delle presented me three copies of the Project History, I gave one to Director.

Saturday 9 May 1959

A busy day. We had more information from Weitzel. Confirmed with Attorney Pettenberg, followed his recommendations in writing. Mama did a fine job in line gathering the necessary information and typing a report which we sent via mail.

Feeling below par, and accomplish small tasks. We had a good visit with kwame and wife.

Quarterly report of business, now in California.
Sunday 10 May 1959

We three, Mr. and Mrs. Weber and Allen and Mrs. Ovi and their children were guests of Arthur, Marie, and their three children in the nice home in Sherry today and had a wonderful time. Marie is making a good recovery from her injury in healing, and served two excellent meals. We also saw Cousin Clara and got the first hand news about Emma now in a rest home. This could be better.

We saw Donna and husband and the signed papers regarding the family membership from Boy Scouts. We had a short visit withuster Addie and her family on the trip down.

Monday 11 May 1959

A day of real effort but limited accomplishment. Feeling below par, and work was not easy. I answered Mrs. Hexfield's letter, did some reading. Visited with Eula, Mary and Ted Army, watched television and called it a day. Nephew French Kolby sent a fine description of Marion's work and professional standing published in the Westinghouse Engineer. Naturally we are interested and proud of his fine record. I have a good letter from Professor MacDonald.
A day of lab on my desk and writing. Desk work is piling up faster than I can clear. I was guest at the faculty party at the University. Introduced to the speaker, the large banquet room was full. President and Mrs. Morgan were charming. Host and Hostess, Dean Kondranza was enthusiastically received as an ex-president. Good address, Secretary Emeritus, and Mrs. called for eggs and brought them home.

Wednesday, May 13, 1959

A beautiful day and a busy one. Mrs. Dembran, Son, and Daughter called. She is staying at present with the son of the family in Chevy. She wants to return to Collins later. She does not feel physically able to continue helping us with our home work.

Earlier in the day I cleared some docket items from the desk. What is badly needed is the help from the shop. Spend some time with them and went West Fred and Anna to see friends. Fred was here last night and left for home.

Took Fred and Anna downtown again this evening to see it.
Thursday 14 May 1959

A cool, cloudy day, had work at my desk and in the shop. Desk work is piling up on me, especially car work, especially car work, especially car work. A good shower is just for the Lerry, Work is badly neglected with Dan Delious. Feeling behind, feel not easy.

Friday 15 May 1959

A day of limited accomplishment, but of real efforts. Not feeling up to par, could use help. In the work room, I cleared the small garage and now have access to quite a stock of materials for our do-it-yourself renovation project in our basement. Helped clear some amount of correspondence. Not comfortable this evening.
A cool cloudy day. Mr. and Mrs. Beaver & Deaton came for a meal. Enjoyed visiting. Earlier I worked on the description of the Golden Canyon Project in Arizona, and the feasibility development of Colorado River Irrigation Project. Hope I can see the dam at Glen Canyon next summer.

An interesting day. Accomplishment very sneaker, I did enjoy the Bake Ball game on television.

We three decided to go to Lopez. Had an enjoyable trip, though we drove better than usual. Hope you, Mrs. B., Mr. Whipple, Mr. W., found everything in order as Barry did.

We should have met up later. Never had breakfast in England. Toured every thing an order at 403 Elmore Street, and have a host of Happy Memories of our visits and work in the Holy City. We have Happy Memories of both trips, and activities in the Park, enjoyed hearing about many friends. miss seeing many by phone, letter and I sent Eagle Rock Home in order for friends seeing it. Decoration Day. Naturally I had a host of Memories of the Happy years Carrie and I had there.
Monday 18 May 1959

Monday in Whitsun Week
138th day - 227 days to come

A busy day at my desk.
Not feeling well as accounts
preparation was meager.

Tuesday 19 May 1959

Tuesday in Whitsun Week
139th day - 226 days to come

Cared for accumulate Mail.
Tried to write more urgent
Wrote President Morgan. I
would attend Commencement
Needs account.

Wrote June. Must send second
28 Pearson Ave. Mrs. Whiting.
Wednesday 20 May 1959

Another cold cloudy rainy day. I checked the small cottage for needed repairs. Most of the windows need putty. The whole structure needs paint. We have the pretty and Eggless paint for the windows and envy thing ready for the job to come. The weather clears. Rainier goes along anything done today. I was pretty tired after noon and slept a while.

Thursday 21 May 1959

Another cloudy rainy day. Day of limited accomplishment. I simply could not accomplish. Finally, quit trying and realize, trying to get my working form. The weather was bad, cold rain much of the day. Heavy overcast all day. Had a very good visit with Vice President "Haro" Dolese of Colorado State University.
Friday 22 May 1959

Heavy overcast all day, and rain afternoon and evening.
A cold, cloudy day. A labor of dead work which has accumulated into quite a pile. We went to the Humane Society to get this evening to see Beverly and Beatrice Fisher. I missed her better, and loved Beverly, radiant. I worked at my desk most of the day, failed to clean up accumulated work. Baradwyn’s letter told of Marion’s high blood pressure and Charles’ illness, and the loss of grandmother Elgie
Barbara during Charles’ illness.
A long busy tiring day.

Saturday 23 May 1959

A very good meeting and lunch of the Emu I. Society of the University of Colorado, College of Education and their university was held in the new Student Union, excluding lunch, was held today. The meeting of the Group, June and School of Mines. The fellowship and cooperation were splendid, and much thought given for closer relations with the Natural organizations, and on state activities.
Sunday 24 May 1959

Trinity Sunday
144th day - 221 days to come

After lunch, Ted and Alan decided to go to his Radish College.

Monday 25 May 1959

145th day - 220 days to come

A cold day; cloudy but sun shine.

Feeling fairly well. Finishing reading "Japan Brush Days" by Mabel Barbere Bee. Interesting. Much enjoyed, arrived many happy memories of my two winters there as Principal of the High School under Superintendent Wilson. M. Stiefer. Lotted time at my desk thinking to organize my work better! Made application and permit to years cost for Hospital. Service Insurance.

Broke my right heel today at 2pm.
Tuesday 26 May 1959

146th day - 219 days to come

An important Day. Attorney Rippenberg gave me the copy of my Will. He had prepared following and conferred last week. It was based on the plan of legacy life insurance payments to my three sons and each of the Wachers, and to Collector H. and Catharine and Mary his sons. I think the plan is good and equitable. I want to check my life insurance as soon as possible as far as I know it is in order and quite of value. We are very fortunate in our Attorney. Had a good visit with Sister Mary.
Thursday 28 May 1959
Corpus Christi
148th day - 217 days to come

Anna Sister Mary and I went to Windsor found Ray fairly comfortable and Sister Alba well. This afternoon Ray and I went to Hary Fire, taking his heart study and on to the College Pasture. We remained over night.

Friday 29 May 1959
149th day - 216 days to come

I spent the day at Ray’s repair shop some of the damage on the road. I think the effects from heavy rains. It is possible but very rough. Our friends from Denmark gave the ride afternoon as comfort able at Egg & Rich Home.
Saturday 30 May 1959

Memorial Day
150th day - 215 days to come

Fred, Bob Dante, Al field and Jean Quinn replant the cactus cactus. I went with a very good friend. Mary Quinn and I played in the flats from the A-frame. We'll be here soon. There's a very cotton field.

Sunday 31 May 1959

First Sunday after Trinity
151st day - 214 days to come

Fred and Emma and the folks at Eagle Rock come up Trail Ridge. I asked the express. Spent the day in town. Read Memories of Carrie as she really was. Happy year of效力.
Monday 1 June 1959

We were somewhat late for dinner
for Brooks, departed reluctantly.

Memories of our years here,
our planning for enlarging
the house, the pleasure
of having and working together
made the wonderful compa-

nion ship of Carrie fill
the day.

Tuesday 2 June 1959

A day of partial sunshine, getting
clouds in the late afternoon,
to be followed by rain, which contin-
ued falling during the night.
An interesting day with a
pleasant visiting. Evening, but
of limited accomplishment.

2 took time for getting a haircut
at the Cameroons. Shop. Barber
shop, Vicilius, West End. Mary
on the way home. Anna and I
had lunch at the Sportsman,
Cafe, and spent some time
trying to find a small piece
for the reading lamp. The
paper announces several impor-
tant Board of Agriculture ac-
tions.
Wednesday 3 June 1959
Confederate Memorial Day (Tenn., Ky.)
134th day - 211 days to come

A busy day, sealed some labels at my desk, paid some bills, checked over
finances. Prepared for the month. Walked the lawn,
not feeling up to par, pretty tired this evening.

Thursday 4 June 1959
Commencement tomorrow
2P.M. will be the year
Club of the University, had
the pleasure of seeing many
Alumni home. I had not seen
for years. The Chairman James
Bacon, Mr. of Brighton did a
wonderful job as President.
officer, and the speakers
and reminiscences were
excellent. A very enjoyable
day.

Hired of President J.C. A. Center of
The 50 year close Student Union
1 P.M.
Friday 5 June 1959
Sacred Heart
156th day - 209 days to come

Commencement and Luncheon at Hotel of President and Mrs. Morgan. A beautiful Day. A beautiful Commencement. I pre-announced the largest class Graduating. The Best Commencement Address by President Morgan, and instead of the Best Class to complete its Work and enjoy the Best Commencement, really a Wonderful Day. We also had the Pleasure to give Visitors Mrs. Bice Stolarz and his splendid family. They are here on the last Mission to see his Sister Mission, desperately ill with Tuberculosis.

Saturday 6 June 1959
157th day - 208 days to come

Emeritus Faculty Luncheon 12:45
Miss Watters well and healthy. She died and we arrived on time for a very interesting Meeting. We had an interesting Program. A very good Speaker and all together a fine time.

Fr. came just as and we Manager to have for this evening had a good dinner in Pend.Shared a good trip up the Canyon. Found every thing in order at Holy Hill.
Sunday June 7

A busy day with various activities. With and I tried to see his mare, Rudy and his colt, but she wanted some near her show, and rushed off to the timber both this morning and later in the day. We had a good visit with Mr. and Mrs. Whiting and later with Father and Mother Preston. We also had a good visit with Mrs. Nelson, who is planning going to Canada with a group of Botanists for a meeting of an International Society of Botanists. Anna not well, but concerned about her, hopes she has a good flight.

Monday June 8

We left Long Lake fairly early, had a very good trip home, with happy memories of our stay in the Park. Decided to accept Peter's invitation to come for a day's visit. Anna took Mary and me to Windsor in Mother's Plymouth car for a very enjoyable day and visit. Found a very well enough to supervise a group of helpers in yard improvements.

This evening, Ted and in trying a new car took Anna, Mary and and me on an extended trip down the turn to Collins, a drive to the back Dam of Horsetooth Reservoir and about College Avenue getting home at 9 P.M.
Tuesday 9 June 1959
Reserve Eagles Park 10:30 to 12:30 "M" for Arthur and family.
A very beautiful day.
Roy Smith and Wife and little daughter called. He is the
only minister in our family group, is stationed in
Kentucky.
Intermittently I labored at my
desk, a accomplish meal.
Fred Ruma and I motored
to the Park Jan an evening
with Arthur and family.
Later we had a phone call from
Arthur saying they were not go-
ing this evening.

Wednesday 10 June 1959
A beautiful day.
Labor and my desk on cases...speedman, wrote to Mrs. Halsey
and attorney
Made some preparation for
going to the Park and Roy and
for the School Council
Meeting in Denver tomorrow.
Thursday 11 June 1959

Merit System Council. Important
At the request of Merit System Director
I attended the meeting of the Council. Mrs. Fiedler is in the two
pital recovering from an operation.
We had a very good session. Director
Director present is doing very well.
I hope she is doing well. Director
The day was quite warm.
Fred and I had a good lunch at
his sister Nancy’s, and with
one of Fred’s friends.
Overall a satisfying day.

Friday 12 June 1959

Northern Bob Water Conservation Dist.
We had a good meeting. Bob
Berkeley is doing well as Sec-
retery Manager, former Sec-
Manager 111. Bille has gotten
Water prospects for the Ham
men good. I worked at my
desk and later Fred and
and I went to lunch. We
expected to see Archibald and
family at Eagle Rock Home
but they had gone home.

My last meeting with the council.
Saturday 13 June 1959

We had a good night's rest at Mary's. I had to leave early to have a good hot home from very thing in order.

Wednesday at my desk and had a busy day. Wrote part of the bone, labored at my desk work still killing wife. Wrote a few letters to Director's son and Clerk's son of the Merit System Council. March work pretty well which I have been unable to clean.

Worried about my lack of progress. Anna had a good visit with Mrs. Rose. Fred had a heavy day.

Sunday 14 June 1959

Third Sunday after Trinity—American Flag Adopted 1777—Flag Day

Wedding Bruce E. Smith—Dorothy

Houne 2:30 pm first Christmas Church Sunday. Fred, Anna and I.

Sister Mary and Sister Ada went to the church by auto.

We were guests of our friend and Marie. Fred and I.

We went to dinner, Bertie and Marie, Cheryl and Danny and me. Fred, Mary and Andy home. We had supper at the Spottswood Cafe and a good time at their home.

We are tired.

Charles and Barbara's Wedding Anniversary.
A beautiful day. Ted went to Elles Park. I spent the day, chasing curts, mowing on "Mothers Cottage." It needs minor repairs and paint, and watering the lawn. I managed to care for dry areas, used two different lawn mowers, part of the time.

Had the pleasure of a visit from Charles Cox and family from California and Washington and learning a little of the very important work he is doing. Truly an exceptionally able man.

We came to Rory High. Had a good trip. Quit the road trip now held no worse and every thing is under at Rory the fleet is much improved in general arrangements for this new reception station. I saw plenty of treats painted such as the garage.
Wednesday 17 June 1959
Bunker Hill Day (Boston)
168th day - 197 days to come

I worked on the roof during the forenoon, was at the house during afternoon.

Wednesday 17 June 1959
Bunker Hill Day (Boston)
168th day - 197 days to come

I worked on the roof during the forenoon, was at the house during afternoon.

Thursday 18 June 1959
169th day - 196 days to come

In the cellar, I repaired the fridge, put new rubber. Worked on a new condition. A low job, had trouble finding suitable material, got tired and quit. Before finishing the job, I purchased a set of springs for it. Mrs. Jones informed me I had prescribed this earlier to Fred, so I'll confer with him before doing more.
A cool day, heavy clouds, little sunshine. I cleaned the Harold's garage. It is serving as a storage room as well as a garage for Barbara's Plymouth auto. So the cleanup took much time. Fred and Anna purchased some furniture from a family on the North fork of the Thompson which are going to California.

6:00 pm With some rain Fred Harris and I brought Fred's Mature and tot from the College "40" to our plan but they did not stay before late afternoon they were and chose the horses in the open sewage.

A letter June mansi brought the good news. She Mary Anna and Mrs Ryan are visiting Sunday. It will be a treat to see them. I bought for the ship on fresh rustic. Bedcloths
Sunday 21 June 1959

A cloudy day. With much rain. Fred and Anna went to the Village for Mrs. Ryan. I went to see Mary and we had a grand gardening day. Mary and I went into the field to the southern part of our lawn. We enjoyed studying the possibilities of college cities. tidy! We would enjoy a cottage there. A very enjoyable day.

Fred and Anna went to Collins. They had a date with Dr. Oren and other commitments. I worked in the shop, trying to finish Fred's Rustic bed. I have one more rail, ready to install. This and Picture Power have all been finished. Today, I am not as tired as usual. This evening as I expected, but am retiring early. The weather was cool and cloudy with showers, very poor tourist offering.

This stay at Mary brings many precious memories of the happy years we spent together.
Tuesday 23 June 1959

A cloudy day and rain. Quite a shower after noon. I worked on the Archies and my book. Some progress. I made some of my tables and sent them to the office. Wandered a little in the evening. Took a nap after lunch.

Wednesday 24 June 1959

Tomorrow is Earl's Birthday 1959

St. John, Baptist

174th day - 191 days to come

175th day - 190 days to come

Progress is slow.
Thursday 25 June 1959

We sent a telegram to Earl on his Birthday. Hope funds run well and happy.

We went to Callen's. I spent some time looking over photographs.

Friday 26 June 1959

A clean, beautiful day. Not feeling up to par. Worked on flowers, one in the shop, spent some time reading. "This is Colorado," Gold Rush Centennial Edition," and taking a walk and a chat.

Mrs. Whippleman called. We are uncertain if she is coming tomorrow. To visit a relation in western Colorado. Who wants to...

J.W. Coyle of the Dubois. This house, troop, is an home haven.

J.W. and I had a quiet, restful day. After a conference with Mr. Coyle, I decided to pay my contribution to the Denver and Church in full and reach Francesca Coyle another amount.

I am feeling less than dollars.

Total payment: $100.00.
A cold, showery day, feeling below par. We came to Langdale in the late afternoon. Our 'Denny' friends in Eagle Craginnie left this afternoon. We were all tired and restless early.

It moved during the night on the high peaks of the Bookies. Treed went to Denny for his uncle while Leslie went to Clara and Leonard. We had a wonderful dancing day.

The weather is still unsettled with heavy clouds and frequent showers.

Tread, sister Juliet and brother Jerry went for a good afternoon walk, altogether a very wonderful day.
Monday 29 June 1959

A very beautiful day, Sister Clara and Lewis left this morning by sea. Plymouth route as they lack means of transportation at the farm. I worked on weeds. Rested several hours, then it ready to work half an hour. We and Anna went to ladies to see his sister this evening. Worked on jennies this evening.

We learned the sad news of the death of Mr. Johnson, a wonderful person when we knew him and forced since childhood.

St. Peter, Apostle
180th day - 185 days to come

Tuesday 30 June 1959

An unusual day, I told Anna I prepare to leave with Cot and a dog and naturally she was happy. She brought two kittens home last evening and they and the dog make a good pet group. I spent most of the day cleaning the shop and organizing tools and lumber. Fred helped me set his business Red Streak. After his room fairly well, wanted us better then I expected, I took the last room in the shop to a cleaning and сделал to bed there.
Wednesday 1 July 1959

We wanted to try to attend the funeral of a dear friend. She was a Presbyterian, and we saw her from East Pith. We saw Sandra, who got to say goodbye. A sad goodbye.

Thursday 2 July 1959

Merit System Council Meeting. The Governor (Acting) appointing a member to take my place on the Merit System Council are Dan re-elected after many years service. Acting Supervisor Gordon present for the action. So I am relieved of further attendance.

Miss Johnson is survived by her brother, F. Bice Johnson of Pittsburgh; two nieces, Mrs. Dan Foster and Miss Catherine Johnson, a recent CSU graduate; and two nephews, Richard and Owen Johnson. Cousins living here are S. Avery Bice, John G. Dean Jr., and Mrs. Harry C. Hepning.

The funeral has been set for 2:30 p.m. Thursday at the Presbyterian Church, in charge of the Rev. William J. Hage. Burial at Grandview cemetery will follow, in charge of the Blythe-Goodrich mortuary.

Mari prepared a wonderful dinner for Fred his helper and Mr. and Mrs. Whittier.
Wednesday 1 July 1959 182nd day - 183 days to come

We wished to be called to attend the funeral service of a dear friend, Neighbor and teacher Miriam Johnson. The service in the Presbyterian Church was very sad, and impressive. We saw her brother here from East Pittsburgh for a few minutes. In the afternoon we started home via Winfield to see Loretta, Clara and Addie and listen getting to buy his gun late. A sad trying day.

Thursday 2 July 1959 183rd day - 182 days to come

Merit System Co-op Meeting. The Governor (Acting) appointed a member to take my place on the Merit System Council and I am relieved after many years service. Deputy Supervisor Gordon spoke in the meeting. So I am relieved of further attendance.

I worked some at my desk at the cattle board of our outer gate, in maintaining a Double Bed in the cottage, in preparation for its use. Anna prepared a wonderful dinner for Fred his helper, Harri and Mrs. Thiessen man and me. I used the old 033 Ford to get about. Very satisfactory.
Miriam Johnson

Yields to Cancer

A long illness of cancer ended in death early today at the Larimer County Hospital for Miss Miriam Johnson, for 30 years an instructor in biology at Fort Collin High School. She was the daughter of the late S. Arthur Johnson, for many years dean of Colorado State University, and Mrs. Johnson.

Miss Johnson, 56, made her home for many years with Mrs. Myrtle Hinds of 325 South Bonwood Street. Her almost lifelong association with the High School came to an end on June 5 when seated in a wheelchair, she witnessed the processional march of the school’s 1959 graduates at commencement.

Honored as Teacher

Highly regarded as a teacher, Miss Johnson was a member of the Colorado Education Assn., the National Education Assn., and Delta Kappa Gamma, as honor teachers’ group. The 1950 Lemberg, the school’s student yearbook, was dedicated to her.

She also was sponsor of the school’s Camera Club and for many years served as FCIS alumni adviser.

She received a National Science Foundation award last fall for study at Denver University and attended classes there on Saturdays until March. She continued teaching at the High School until late last fall, and on Dec. 19 underwent the first of two operations undertaken in an attempt to save her life.

Born in Denver on April 11, 1900, Miss Johnson had lived here since 1902. She was graduated from the High School here when it was known as the present Lincoln Junior High School, and received a bachelor of science degree from Colorado State University in 1923. She was a member of Gamma Phi Beta Sorority at CSU.

After teaching in high schools at Yuma and Pueblo, Colo., she joined the FCIS faculty in 1925. She belonged to the First United Presbyterian Church and was a past president of Chapter Al of PEO.

Funeral Thursday

Miss Johnson is survived by a brother, F. Rice Johnson of Pittsburgh, two nieces, Mrs. Dan Foster and Miss Catherine Johnson, a recent CSU graduate; and two nephews, Richard and Owen Johnson. Cousins living here are J. Avery Bice, John G. Isaac and Mrs. Harry C. Hoping.

The funeral has been set for 2:30 p.m. Thursday at the Presbyterian Church, in charge of the Rev. William J. Blais, Burial at Grandview cemetery will follow in charge of the BlytheGoodrich mortuary.

Sixth Sunday after Trinity
186th day - 179 days to come

Tired this morning, rode with Fred to check his livestock, cleaned back porch and Breezeway, cleared some stone walls. Not feeling up to par, Fred had the experience of running past a skiff right on his and腺 toad's return home. Sister Nellie's house warming party and was joined by 100 The policeman who made the arrest into our old acquaintances, took us an exceptionally careful driver, this evening, is used to

Monday 6 July 1959

187th day - 178 days to come

Slept weather morning and evening, cloudy during the day. Birthday Day, Fred, Artie and Jerry rounded the knot at his cottage. Were unable to finish; Fred and I went to Nederland for a house warming party for his sister Helen and Hendrie's cousin. I painted about half of the back porch roof of my last house. Our uncle Ted was clean in the morning, cloudy during the day clear this evening. Wrote to Marion, Carolyn and Earl and Naomi.
Tuesday 7 July 1959
Mother's Birthday 1849
188th day - 177 days to come

Not feeling well, a trying day. Managed to keep going, but work held no pleasure. Traveled home. Went to see Collins. I gave him the regular monthly check for house and expenses. Do not expect them home here tonight.

Wednesday 8 July 1959
189th day - 176 days to come

A real busy Day. I put in a half day work at our new Shary Cottage, putting in a stove for use, and preparing to install a hot and cold-water system and bath room. Later I checked out the large upstairs spring and did some dirt-filling. West of the spring, structure filled some small area for the west wall, supply and checked the jeep road to the spring, pretty tired this evening, and am retiring early.
Thursday 9 July 1959

Laboured in Shry Cottage and in the Shop. Made progress in the bath room at Shry. It looks good.
Mended the water line to Eagle Rock Home and the entrance. Bed room there the heavy rains have washed away part of the Dillon the said result. Tried and have went to trackers and can lead this evening. Had from home later. A busy day.
We installed the insulation in the Spring of the house today. We had about 8" length of wire on the cross wires, and used wire to join the wires together. The men worked well, and a good job was the result. Fred and Janice also helped in getting the wires and broken on. The men are skilled and work well together and did a first class job.

A Wash day on the Spring of 2 at Hash. See Foreman days. Write-up for today. Yesterday was spent in getting ready, the work described on the previous page.

Today we fixed the floor. I had a very good visit with Mr. and Mrs. Bissel. They came out after Church. Very fine interesting and delightful folks.
Monday 13 July 1959

A cool day with a few showers in the afternoon. Uncle Lester, Uncle Ted, Clara and their son Lowell and family are here. Spent the day at Red Rock and are at Eagle Rock House. Tonight a very happy event and most enjoyable day.

Tuesday 14 July 1959

A beautiful day, no rain here. Lester and Clara Lowell and little felt this afternoon for the farm south of Wheeler. We thoroughly enjoyed their visit and Miss Blackmore really practically pounded the rock well west of the river and ran at nearly 90 mph. Miss Blackmore took the aeroplane. Hope ready for the dirt road. Finished the western slope of the house. Spring ready for removing the surfboard grandpa made.

Fred trials for a traffic violation yesterday was badly this afternoon. He was fined $14.00. Anna was a charming hostess for Uncle Lester, Aunt Clara Leebie and family.
Wednesday 15 July 1959
St. Swithin's Day
196th day - 169 days to come

A beautiful day early, heavy clouds melted and a steady hard rain in the late afternoon. Anna and Fred wanted to go Callum to deliver a car, he phoned they would be late in getting home, when he returned to Sales to deliver a car, Anna is well. Anne Mary told Fred as ready to return, I finished the form in the corner post on the north side of the trout pond. Jill will try to pour the cement tomorrow, Must find an extension of the fishing chairs found an old set fishing chair in Anna's garage room. 9:20 P.M.

Thursday 16 July 1959
197th day - 168 days to come

An interesting day. We went to Denver for a meeting of the Sebastian Service Appeal Board Meeting, Fred took me to Frederick and showed us the house where his former home and later our road. I was not familiar with. Going downtown we went South from 34th Street. The farm we rented from Mr. H. Browning in Golden is pretty well covered by the snow. The former City Park farm is unoccupied, like our former Sauer and Graham farm. Wonderful dinner at the Wayside Inn in Berthoud.
Friday 17 July 1959

198th day - 167 days to come

We shopped at the Home Farm yesterday. Had a good deal with Helen Okura and Lowell.

I purchased and paid for an ice maker.

I labored on the rock wall of the extension of our outdoor dining area. Have done it all on my own and could not complete the cement work. The rains this past week have been damaging the new structures and plants.

Pretty tired tonight. Our family is having a cottage on the West side of the harbor. It is a lovely evening, quite seren.

Saturday 18 July 1959

199th day - 166 days to come

[Blank page]
Sunday 19 July 1959
Eighth Sunday after Trinity
200th day - 165 days to come

1. Fred and Anna went to Netherland Jar a gathering of Fred's relations.
   Leading quite early, I convoyed the phone jar of the day. Was treated at
   luncheon by Mr and Mrs who with several relatives are at Eagle Rock
   Home. A fine family gathering, I painted the
   beautifully thorough around the
   North and West sides of my
   yard door. Dimmy and any
   later game a real show as is the Stone Stone house.
   I mislaid my glasses early in the day and
   have not found them.

Monday 20 July 1959
201st day - 164 days to come

Anna and I motored to Windsor. Joe Books bought
90 years in the residence on the
Stone Farm. Loken to
Windsor Farm run by Bern and Lester and had a
very nice visit with them
and sister Addie. We
spent some time at the
residence and to Cotting
farm. Every thing and
orderly. It was a long
day for both of us.
\[\text{Signature} \]
Joseph Cowell is with us.
Tuesday 21 July 1959
Another cloudy and rainy day. Fred was up early and continued painting of the old shed. I labored in pulling the power saw into running order to replace our old stone wood. Fred’s day began early and continued late. His nephew Joseph is with us through the nice fall.

We finished the book we bought from the home farm yesterday. It contained some very interesting and rare lessons.

I put in some time putting the Power Wood saw in working order.

Wednesday 22 July 1959
I labored on the job of clearing the addition to our front yard, bringing in legal help to aid in the original construction. I carried the necessary soil to the Wheelbarrow with my own back. These bunches to the Wheelbarrow. A tiring job. This will take some time.
Thursday, 23 July 1959

Not feeling up to par and workiring and difficult.

Friday, 24 July 1959

We had a meeting with my sisters Mary, Clara and Alta on a letter from Reuben—I am giving us the address of the court on our uncle Slanferi's estate, and bought the deed of Attorney Montgomery. He advised regarding the first National Bank as our agent to receive Mother's allotment; and all concerns agreed. They directed Anna to prepare the letter to the Sioux Administrator, We were taken down and brought back by Mrs. M., they were our friends at Slanferi's in the Village. We found sitting quite warm.
Saturday 25 July 1959

A busy and very wet day. I laboured on the field line of the power bow and did not finish the job. The line necessary is put through College in good shape for the care of Mrs. Rozelle and her daughter and family, but this job fairly well done before a downpour of rain and inch of water left its mark on the farm area and in the road.

And evening was with me. Mr. and Mrs. King came later in a lighter shower, joined and read in poor conditions.

Sunday 26 July 1959

PO Box 1623
Monday 27 July 1959

We went to the Calling to confer with Attorney. Repainting on the exterior of our house.

Brother in Ewingmont City attended. I had to write a letter requesting the administration of the estate, also Mayor of the City to forward the funds to the city.

We joined the family and stayed in town for quite a brief time.

Tuesday 28 July 1959

Another cool cloudy rainy day. Mrs. Rosell, Daughter and Family left for home. They returned to their home in College Cottage and had a good time. I took a very busy day, and father's workday.

Family and Mrs. and Daughter were our guests at dinner. I made a special meal.

After studying the bathroom and fixtures in College Cottage, I decided on a possible area west of the bathroom and on proceeding with the installation of the bathroom equipment and toilet.

Quite a lot.
Wednesday 29 July 1959

I worked at Thoey. Mainly on the form for a patio on the north west corner. Need three nail tile for the sliver line from the bath room.

Thursday 30 July 1959

This was the Big Day in the Park, Street and Dr. Groves. Worked practically to get their exhibits in shape, and were on time for the Big Parade. What was a credit to the Community and its hard working people. The Weather was good and have a good day.
Friday, 31 July 1959

A cool cloudy day. Went up early and operated the Tower Wood Saw. Setting the summer and winter Wood supply. My filling of the saw is proving satisfactory. It works well. We are planning to go to Collins to see Joseph Thompson and family.

We started about noon. Went down the North York Road to lunch at their hospital. Spoke to Collins about 2 P.M. Faced by business, had a very good visit. With sisters, Mary Thomas and Shirley, then to the homestead for a lovely luncheon. Left for home in the evening.

Saturday, 1 August 1959

A cool cloudy day. Very little sunshine. Labored at the Sherry Cottage Sawyer preparations. Ann and I went to Collins after noon.

Rev. Kenneyes and family went to the Collins. This evening are returning tomorrow. I labored at Sherry cottage preparations for the render. Distillation was very successful. The Bath Room deep cleaned, and improving the back yard. Have a pile of wood that needs splitting and storing for the kitchen use.

Ann retiring early.
Sunday 2 August 1959

The Krevin-Four family picnic was kept quite lively by their arrival in Greeley, called on Arthur and Marie before going to the Picnic in Denver's City Park. One hundred relatives and friends assembled and fortunaly the last of the buildings large enough to accommodate all at dinner, The dinner outside caused no discomfort. Now Warry, The group stay to keep the Picnic this year in Estes Park and stayed there on the Committee.

We had a June visit and spent a lot with Kristina and Marie and children, reached home tired and happy. Sister Mary came with us.

Monday 3 August 1959

A cloudy quite cool day here, no rain. Iread Twenty and Family were there. Preparing plans and assembling equipment for the trip to the Mesa Verde National Park. They are enthusiastic in their preparation. Sister Mary was home with them.

I observed a dance cottage made some yard work improvements and studied bathroom equipment and construction plans. Not well, infirid with building plans. Having some bothersome bookkeeping problems.
Tuesday 4 August 1959

A difficult and trying day. Poison of my hand and grafts are still inflamed. Splintering wood job to finish in the kitchen, blow, and store it in the wood house. Part of the planning for the completion of improvements in Shady Cottage. Anna and Alred went to Coleyes. They are not here as I write at 10 PM. I was the guest of Reverend and Mrs. Evans and family at Eagle Rock Home. We had a wonderful evening. I am tired and ready to fall asleep.

Wednesday 5 August 1959

A real rainy day. The rain began near town about 7 PM. It still raining as I write at 11:00 PM. I worked in the rains to improve the drainage in and around the house. My rain coat was poor and I got pretty wet. Labor of Correspondence, letters, cards, and envelopes. Anna returned from Coleyes about 6 PM and drove to town for supper. The rain continued as I write at 11 PM.
Thursday 6 August 1959
Transfiguration of Christ
18th day - 147 days to come

Friday 7 August 1959
219th day - 146 days to come

I fished in the woods
spent a little time studying the glacial rocks
in the area, and went to school and ate dinner
at Eagle Rock House for a guide ride and had
a good time. To the Howley area of Mrs. Nelson's home.
We enjoyed the trip.
Saturday 8 August 1959

A beautiful day, clear and warm. Fred and Anna went to Bolton. He brought up a new demonstration auto. We were all guests of our friends in Eagle Rock home at dinner and a fine Saturday evening. I had some cleaning the tile in the outdoor patio. Hand it in fair condition. We are sorry to see the family leave.

Parent and children are very nice folks. He is a good friend of Ears. Both are fond of them and family. Shirley and David now and children are very nice folks.

Sunday 9 August 1959

We lobbied about the home. Called on uncle Benny my Aunt Tere at 5 P.M. They are not well, but better than when we last saw them. Their son, W.F. Allen and I had a photographic session. Paul went in to see his friend. We had a hard time at the fair. I worked the Twenty and took a Grand يبدو. A very interesting day. I found some time to study German. Water supply made in...
Monday 10 August 1959

St. Lawrence
222nd day - 143 days to come

Fred and Anna went to St. Callisse. She is in the hospital for a blood transfusion. I labored at St. Mary College. We kiling the logs and cleaning the House. At dinner shortly after I finished dinner, I had no word from Fred about Anna's condition. Am worried about her and hope she recovers. This evening, had a telephone call from Helen kennedy

Tuesday 11 August 1959

We returned to and home. Fred went to St. Callisse, found every thing in order and some interesting mail, including a good letter from Marion.
Tuesday 18 August 1959

Anna and I went downtown to purchase a gift for the daughter of Mr. Morgan whose wedding is on November 3rd. December 3rd was the actual wedding date.

Wednesday 19 August 1959

I labored on the Park enclosure job at 631 Park Avenue in the early afternoon.
Thursday 20 August 1959

I labored at the Parish exclusively all day, and Anna were ready to plant Joe longhi in a part of Park in the after noon. We had supph at the Uncle Coral in hometown, and a good cool trip up the Canon. Found everything in order at Long Hi.

Friday 21 August 1959

A busy day at my desk, practically all at my desk, very little time on the Ship. Fred was up early that day in the Village and returned to St. Gallen family early. Anna's friends Edith Cline and family are in Eagle Rock now. Mr. Cline is head of the Department of Physics at our Boulder School of Mines.
City’s Pioneer Dentist Retires After 53 Years

The dean of Fort Collins dentists, Dr. C. W. Coover, has announced his retirement after 53 years of practice here. Until recently he maintained his office in the State Building.

Dr. Coover actually started his dental career in 1901, when he served as an apprentice under Dr. A. E. Weaver in Greeley. Later that year he entered the Colorado College of Dental Surgery in Denver, but was merely by talkable tones.

Certainly the Coloradoites’ distaste for what they perceive as rigid leadership in Moscow.

Let’s Quit

The general few months have been turbulent and newspapers have been demanding that the fear the further inflation.

The letters gress gave up schemes — for now that the promise of Walden and North Park. He left here with portable dental equipment and went to Walden in a covered wagon driven by Capt. J. C. Ish.

He was forced to quit practicing in the spring of 1903 after complaints were made about an undergraduate engaging in dentistry. He then went to work for Capt. Ish at his Walden ranch.

In June Dr. Coover married Capt. Ish’s daughter Elizabeth here. The couple returned to the North Park ranch for a honeymoon, but in the fall Dr. Coover returned to the Denver dental college.

Graduated With Honors

Two years later he was graduated with highest honors and was
City's Pioneer Dentist Retires After 53 Years

The dean of Fort Collins dentists, Dr. C. W. Coover, has announced his retirement after 53 years of practice here. Until recently he maintained his office in the State Building.

Dr. Coover actually started his dental career in 1901, when he served as an apprentice under Dr. A. E. Weaver in Greeley. Later that year he entered the Colorado College of Dental Surgery in Denver, but because of financial difficulties was forced to drop out.

Still determined to complete his training, he worked in several dental laboratories. Deciding to move to northern Colorado, Dr. Coover came to the Harmony district and worked on a farm.

Pay Was $5

After a short time there he came to Fort Collins and served as an apprentice for Dr. C. Macky Smith at a salary of $5 a week. As a sideline he had agencies for the Denver Republican and a Denver laundry. His headquarters at the time were in the rear of the McCarty Barber Shop on Linden Street.

In the fall of 1902 Dr. Coover met with the State Board of Dental Examiners and received permission to practice dentistry in Walden and North Park. He left here with portable dental equipment and went to Walden in a covered wagon driven by Capt. J. C. Ish.

He was forced to quit practicing in the spring of 1903 after complaints were made about an undergraduate engaging in dentistry. He then went to work for Capt. Ish at his Walden ranch.

In June Dr. Coover married Capt. Ish's daughter Elizabeth here. The couple returned to the North Park ranch for a honeymoon, but in the fall Dr. Coover returned to the Denver dental college.

Graduated With Honors

Two years later he was graduated with highest honors and was offered a sub-professorship. Instead he came back here to open practice. Except for a short period during World War I, he has practiced here continuously since.

During the summer of 1910 he took postgraduate work at Northwestern Dental College in Chicago.

Dr. Coover has held all of the offices in the Larimer County Dental Society. He is a member of the Colorado State Dental Assn., and a life member of the American Dental Assn. In 1906 he joined the Phi chapter of Delta Sigma Delta dental fraternity as a charter member.

He now resides at 610 West Myrtle Street.
Monday 24 August 1959

St. Bartholomew, Apostle
236th day - 129 days to come

Reserved August 24 & 29
for Arthur and family at Eagle Rock Home.

We were up very early
to Winslow to take sisters Mary,
Adda & Clarice and listen to
Deacon Adda to fit Simms
hospital for conference about
the May and be released Clarice
to take the train for Iowa,

A cloudy day. Showers
in the afternoon and evening.
I had to come in
the shop particularly as the
approaching homes of the Cadet
Trimmer. Working for a couple
of hours at Eagle Rock Home
preparing for Arthur and
daughter. The bay at the Rand
house is lost that room
yard cleaning went through
secretary. Arthur and family
were here for a paper

A long, interesting but

Interesting day, I worked paying
that finish for the church
and the every where for its tires.
Rain in the late afternoon.
Wednesday 26 August 1959

238th day - 127 days to come

A warm, cloudy day. I traveled on the road near proving the traffic was bad. I turned to the town for going up to Mrs. Nelson on the Johannesburg and the town, just after lunch and ended the day journey.

Thursday 27 August 1959

239th day - 126 days to come

Beautiful morning. Slowly rode not feeling up to par. Returned to my desk and work on water, from the Shroyer Spring to Shroy College, especially when I crossed the road to Mrs. Nelson's property. Annie and I wereBuggered, I believe, and that Muriel at Eagle Rock to home. Their family except Jerry Marie's mother and her sisters' daughters are at the home. Arthur guided the girls and son to the Summit of Eagle Rock today.

...
28 August 1959

A beautiful day. Arthur and Marie sneaked away and took to motor up the Saint. They went for some fun and a picnic lunch.

The weather was perfect. Arthur’s car is comfortable and suits well and the lunch splendid.

Freddie phoned he would not be home, Anna returned early.

I was quiet — the children were with Marie at dinner, the evening pretty.

Freddie feels bad and cold.

29 August 1959

Another clear morning. I do not change much threat of rain by moon, and clear skies by evening. Fred had a busy day, is in Boulder for the night.

We three and Arthur and family had supper on our back porch.

Fred's feet, lady and cold.

Ramsdell had their evening meat near us.

This has been a rather busy day and I am retiring early.
Sunday 30 August 1959

A very deciding Day. Arthur and family decided to after their work end their day's work, and we had supper out on our and dinner party. Cooked in the unusual range and followed by a deciding evening. I invited Arthur to join the Directors of the Western Endowment Board on a day out in the desert in their annual inspection tour, Sept 10th. It was a rather tiring day, but not feeling up to par.

Monday 31 August 1959

A cool partly cloudy day. I looked at my desk today for the Day. Wrote to Marion Dubin and Lesley and Clara. Still have a few more weeks to write. I accepted Arthur and Marie's invitation to join them on a trip to Dinosaur and the Mesa Verde National Park. Leaving tomorrow afternoon for their home in Crested Butte and planning early Wednesday for Denver. The report is sure to be fairly early in the evening.
Tuesday 1 September 1959

We drove to Colorado Springs today to see Dan and Pat. We met them at a motel in the morning. I left alone in search of a new job. We didn't have any luck finding work.

Wednesday 2 September 1959

We were surprised to see your car. We are staying at the same motel as them. We had a perfect day. We stopped at a rest area and had a good lunch. Then we continued on the road.

We met someone who had lived in Colorado Springs and had a perfect day. We enjoyed a good meal and then drove back to our motel. We had a comfortable room. We had a good time.
Thursday 3 September 1959

We motored to the Booze near Mesa Verde and then to Bears Ears.

Friday 4 September 1959

A very interesting day. Mesa Verde National Park is beautiful. Have a good cottage and a very enjoyable time. We had a good trip to Durango except for some transmission trouble with Arthur Car. We were repaired in.
Saturday 5 September

248th day - 117 days to come

Return to Ashtro Park.
Not sure what time.
Met Mr. Scowen and we came to Forthi Junction for a very interesting trip to Denver.

Sunday 6 September

249th day - 116 days to come

Fifteenth Sunday after Trinity

The Wonderful Mother of our Children passed away eleven years ago.

I visited at the corner of the Greenbrier Spring, the present of the Cotton gin, very nice and we plan to replant it.

Wet a concrete cover and east above manhole cover.
Bob Daniels' family and
Mr. and Mrs. Elkins are at
Coyote Rich Home.

I was interested to think about the故 for seniors.
Adeline and family need Parade, a
June Birthday. Went to see getting back to Roxy. Our
friends from Denver were ready to leave. We left Denver at one of the new hotels.
Good, but quite different.
Monday 7 September 1959

A very busy day at my desk trying to keep everything up to date. For change, I improved the roof of Mrs. Nelson's when it took off from our road laborer. Slept at my desk except for a short change every hour or so in the shop.

This is the first day and night. The bed seemed all wrong for Henry Moore.

Tuesday 8 September 1959

Miss three attended the funeral of Mr. Smith. Miss Smith's Assignment, Ireland, is still in a lurch after winds. Purchased some paint (white) for fireplace shelves. Lived in the plane at the Highpoint airfield. The first day at the Roundup plant and D and G's new cement in the 15th Avenue mission and the Grand Coda on the Colorado. Shopped for the height of the Dumas House, Ridge of Indianapolis, Hoope.
Wednesday 9 September 1959

Purchased additional Paint-oay Oil for Eales Park Property particularly Eagle Rock Home from Sunday real & Feed Co. $0.40

Thursday 10 September 1959

Inspection Trip Martin Lab Water Conservation Dist. Our party included Board of Directors Officers and several Guests. I asked fautor Don Arthur D. Moore to be my Host on the Trip. Weather excellent. The first Day we reach the Power plant and Dam of the Reservoir on the Blue River and the Pumping Plant on the Colorado and all in excellent condition. Stopped for the Night at the Denver Haven Lodge at Grand Lake.
Friday 11 September 1959

We left Dartmoor together with the Echo Park near noon.
Our trip was to the famous Echo Park, but due to the
hazy weather, we decided against the trip.

I did not attend the meeting at the Head
quarters, but remained at my
homeland.

Saturday 12 September 1959

Old Defenders' Day (Baltimore, Md.)
2nd Defenders' Day - 110 days to come

A beautiful forenoon. Shortly after
noon, we visited the Echo Park. The
weather was not clear, and we decided
against the trip. Instead, we remained at
my homeland.

...
Sunday 13 September 1959
Sixteenth Sunday after Trinity
956th day - 109 days to come

Defended the Check amount is $68.26.77 in the first National Bank, At Caleb. This is my share of the Inheritance from Mother, half brother in Engagemont, Switzerland. I regret this had to leave Procifeland, but it will mean much to the relatives in Colorado and West Virginia and Ohio. He was born more Blessed with a large estate than any of us. It means much to Mother's family here.
Tuesday 15 September 1959

I deposited my inheritance check from the estate of Mother's half brother in Switzerland amounting to $1326.77 yesterday. Need to plan a trip to Earl and Family soon and to Marion and Beth on in Davis PA and Wanda and Charles and family in Bathboro. Must tell them not to make the letter, Ama is eager to see you. 

Wednesday 16 September 1959

A cool day and a busy one. Drew the water from Eagle Rock Home and put the building in shape for winter. The water in our springs is quite low and the vegetation in dry and Put Sherry College and the shop building in shape for winter. Had quite a scare when I left my toner at the Sherry spring and forgot them, found them after a long search. We returned to our home in Charleston WV. Any way.
Thursday 17 September 1959

A busy day at home with limited accomplishment. Searly Mary with me most of the day. Worked at my desk. Did some planning on our trip. Probable trip to Montreal with Fred and Anna. Dad advised there. Wedding not necessary. Attended an interesting meeting at the Unitarian Church with Mrs. Robinson and Mr. Code. A very interesting session on an important church policy. We purchased 15.00 of items where check got and trip to Montana and the celebration of Fred and Anna West's anniversary.

Friday 18 September 1959

A rainy day. Fred and Anna went to Boulder to visit relatives. Did not return till ten. Room 703. Curled in bed some. Dog and two tetanus and boy at my desk in preparation for our trip. Wrote to Miss Sylvia, Adams, Lightning Park, Arizona. Anna interviewed a family, and from whom boards were awarded. Cost for dog is $1.50. Rent 75 cents. We saved $3.50 and spent most of the evening with Nan. A real worry some day.

Carolyn sent us a letter to the Grandson. He won first place in school. She is proud of him.

John Albert as a Workerman. Had a good visit with his Uncle Mary and Helga.
A rain day promised in the morning changed to partly cloudy. I had trouble attending myself. Did not go to church. Checked the Parish Improvement job on our cottage on the back of our lots and finding St. Jessie St. Mason line as needed to complete the job for painting. Fred in an East Park, do not know when he will return. We are planning to plant for a suit with Earl next fall in Missouri Tuesday.
Monday 21 September 1959

Lubrded all the Porch repair job on our rented cottage. Head more Material to finish the job, Harry. This could not be done before leaving for Montrose, so we took three days and cleaned the work put on my deck. Made some necessary additions to do, should get Kerner to do this evening.

Tuesday 22 September 1959

I took the last garage is a cleaning and preparation for leaving the week end. Togo, Fred and Carl go, and we preparation for cleaning for Missoula. We think it is time to have the final preparation for the trip to Missoula, and here are everything we do. as Jack as we knew for the trip.
Wednesday 23 September 1959
First Day of Autumn
266th day - 99 days to come

I had a good night's rest. Was up early, and we were on our way, had breakfast in the Village and started west on the trail before noon. On conferencing with the ranger of the Village we heard of fog and snow above Lemhi Pass, returned to the Village and decided to start over the southern route over Berthoud Pass. Had a fine trip to Raydev and Good Quarters for the night. Had a good visit with Dr. and Mrs. Cunliffe who is much interested in the idea of a State Expansion Service for the Mining Industry and individual miners.

Thursday 24 September 1959
267th day - 98 days to come

Today a trip today. We got under way early. Had beautiful weather and a very interesting trip which included south of Idaho, south of the Lemhi Pass, and south of the Westline Montana. At noon we were in Idaho where it had been cold and snowing. We came down to a heavy downpour of rain a total of 75.9 miles, our whole Tuesday trip 110.5. Briefly to Collin, Lynd, Nederland, Idaho Springs, Grand, Idaho, Sulfur Springs, Steamboat Springs, Rawlins, Rock Springs, Green River, Idaho Falls, and Salmon Idaho to Missouri.
A fine quiet day and a good letter from Marion. Wish a check for eight, seven dollars a year. "Mars" and a good show in the evening. Weather: typical, cloudy. Rain after dawn and night. Had a heartening letter from President Morgan. A trip to his much appreciated. We have Earl and Maurna's pleasure in good news from Earl R. Wish we could see him. We also miss Mary Anna. She is attending Whitman College in Spokane.

For you today good wishes... Happy Birthday!
Happy Birthday!

I hope this gift rings a bell for you. With loving good wishes to you brother dear.

Adda.
A fine waiting day and a
good letter from Marine
wishing a check for eighty
dollars for dollar a year.
Marie and a good snow
in the evening. Weather
typical, cloudy, rain after
snow and night. Had a
heartening letter from Pres.
ident Morgan which is
much appreciated. We
share Earl and Mary's
pleasure in good news
from Earl K. Wish we
could see him. We could
miss Mary Anna, she is
attending Whitman College in
Spokane.

A typical Montana Rainy Day.
Earl busy at the moment, and
I am preparing for returning to
Colorado. Helping with home
work, where possibilities and
limiting, accomplishments not salutary.
Fred explaining the days
down town living what he can
about the car market.

[Note: The handwritten note at the bottom is not fully legible, but it appears to contain text that is not fully legible due to handwriting style and ink quality.]

W E MORGAN PRES COLORADO STATE UNIVERSITY.
Friday 25 September 1959

A fine visiting day and a great letter from Marion with a check for eight seven dollars for a dollar a year. "Marie" and a guest show in the evening. Weather typical, cloudy, rain after noon and night. Had a shortening letter from P. R. B. 

Saturday 26 September 1959

A typical Montana Rainy Day. Earl busy at the Family, and I'm prepping for wanting to go Collins. Halfly with home work where possible and walking. Accomplishment not satisfactory. Tried specially the day down town bearing what he can about the car market. Earl R. probably on the way home. Wish we could of come to Wind with him.
Sunday 27 September 1959
Eighteenth Sunday after Trinity
270th day - 95 days to come

I attended Church with Earl and Trinie, Heard the
Rev. Mr. Baxter Who preached the Sermon at the Congre-
gation of Church and like him and Mr. Baxter I am a country boy.

We were guests of Fred and
Anna at Laramie, and later
in the afternoon we three Earl, Fred and I drove to the
rifle range West of town and
tested our skill. Shooting
poor. Watched at curiously later.

Monday 28 September 1959
271st day - 94 days to come

A busy day of preparation to
start for home in Colorado.

everything seemed to part
ides this evening. Fred
finished painting the Durrant
room. Anna and I went to

towage you presents for friends
all together a very interesting
Day. I wish we could have
seen Mary Anna, and that
Earl R had gotten home
before we slept.
Tuesday 29 September 1959

St. Michael and All Angels
272nd day - 93 days to come

We phoned Marion. Learned they are expecting Earl R. who is coming home by auto. Tried to arrange meeting him there, decided to try to reach Marion while Earl is still there. As packed and started east via Yellow stone Park. Got under way fairly early, had good weather and fine highways and reached Yellow stone Park in time to find good rooms for the night. Came through Bismarck, and are presently reviewed by the campus of Montana Agricultural College. It looks like the College is far better supported by the State. Nevada Assembly than the University. Left two lit up Earth quake smokers.

Wednesday 30 September 1959

273rd day - 92 days to come

We left Bismarck fairly early and went followed the route of highway 10. Through F. Montana and are at Bismarck, North Dakota this evening. Our trip was comfortable and very interesting. We have room in a fine hotel, had an excellent dinner and are ready for bed. Sam tired, but thoroughly enjoyed the day.
Thursday 1 October

We left about eight for a visit to the Harrison Reservoir and Power plant about 40 miles West of Bismarck. Found the Project far beyond our expectations in size, condition and in function as a superb demonstration of the courage, knowledge, ability to plan and construct and then operate an outstanding storage and power production project. A pleasure to trust and wonderful men comprehensive. We have a good motel in Fargo and the joy and privilege of seeing Earl R. With us. He has completed his Army training and is on his way home.

Friday 2 October

A happy day, bright skiing and visiting with Earl R. It is wonderful. We thought it was impossible for us to get together for a day of skiing, bright skiing and planning with him. The Army called a spring break, and released a trained and skilled man. With whom it is a pleasure to work, direct and plan. All of us appreciate our day with him in Fargo.
Saturday 3 October 1959
Jewish New Year—St. Theresa
276th day - 89 days to come

Earl is on his way west and we came back on
a mild day of brilliant sunshine at all time for seeing
the beauties of Minnesota on their best. We made good
time and progress and decided to stop at a motel near
at about four or
quarter to three in the afternoon. We are in a
new motel, are very
comfortable. Anna
purchased a nice specimen of crockery from the
nationally known firm of

We have not heard from
since our预定 time
of arrival.

Sunday 4 October 1959
Jewish New Year—St. Francis of Assisi
277th day - 88 days to come

We left our comfortable
motel fairly early and headed
west. Had breakfast in
and a better view
of the store where Anna
purchased a small plate,
another of Australiana, our
good roads and comfortable
temperature and partly and
mostly cloudy skies. Called
on Missi Edris and had
a delightful chat with
the entire group. The day rain
changed to rain with light
fall. We left the family father
Mother and daughter and drove
to a motel are
comfortably housed and only
for a good nights sleep.
Monday 5 October 1959

Drove Eastern Illinois Turnpike. Stopped for the night, reach- ed Illinois late evening. Towns Marino and Varna well. Had a fine visit.

Tuesday 6 October 1959

Our first day with Marian, Carolyn and Danny. Visited a very interesting antique center with Carolyn, and saw much of beautiful Western Pennsylvania. Anna was fascinated by a very interesting antique shop in a private home. We had a nice lunch but made no purchase.
We motored to Mr. Rets for a delightful visit with Robert and Ruth Lange. Had a delightful stay, a delayed arrival home. Are very favorably impressed by the location and property of the Isorah School and its work. Thank Director Robert and Ruth Lange are doing mighty well. Had a long drive home.

We three and Carolyn went to the town where I was born. Sarrie, Monroe County. This going to Pittsburgh, then down the Ohio River West side is to Whiting, Belfair, Blanbury where we had lunch, past the Dead Spur of the Allegheny Company to the town. We left in 1888 for Colorado, and found it completely changed. We did locate the lot where we lived, but not the house father built and where 2 was born. Had the Pleasant Mill built by father and associates. We also on the long home saw grandfather farm and the cottage in which Rieter May was born. It's a strange feeling to be a stranger in this beloved hometown.
Friday 9 October 1959

A quiet, busy day, reading, care of mail and writing to Western Maryland.

Saturday 10 October 1959

283rd day - 82 days to come

A day of limited accomplishment. Marion and I went to dinner for a hair cut each by a good barber. We patronized the store before, spent a good part of the day in reading and viewing television. Was particularly interested in the game between the University of Pittsburgh and Princeton. The score: 28 to 21 in favor of Pitt.

Marion and Carolyn are at a party this evening. I checked the house for needed repairs. The need is very limited.
Another cloudy day, but an interesting one. I did not attend Church. Wrote to Dora, Mary and Adela early in the day and Anna and tears early in the evening. Marion and Carolyn took me on a June Molar trip to Thanksgiving, and friends of Dr. Freeman. Daughter from Collins, Mrs. Standout still living there, and daughter's husband. Had a very interesting visit.

I worked in the shop, repaired the foundation in the East Basement Windows, and on the shop window. Had a good visit with Carolyn and Robert Dadey who visited us this afternoon. A very interesting day. We think of Marion and her in Grand, a busy time in Chicago.

I wrote to President Morgan, thanking her for her birthday letter.
I went to the Forenoon in the shop, upstairs a small Rocker, which Cora now think well be nice for Great Grandmum John Albert. Wrote to Sister Mary, will try to see our Cousins in the Charleston Area on the trip home. I very much appreciate 'But' Mr. Carmich's visit this afternoon.

Worked in the shop, accomplished little beyond putting the work bench in order. Had a very interesting visit with John and Mrs. Rosney who visited us today. Sorry he is not feeling well, and to carrying work as usual, a difficult effort. We miss Marion. Hope he is enjoying his meeting in Chicago. Rain this evening.
Thursday 15 October 1959

Marion returned today. It is mighty nice to see her home, even if only after running a reunion. I put in some time in the shop, raked the beds, and cleaned. The tin stopper is poor. Money is growing scarce, quite an affliction.

Friday 16 October 1959

A busy day in shop and at desk. I finished the kitchen sink, improvement, and spent time in writing to Mr. and Mrs. Brown, and Mr. and Mrs. Whipple. My left eye is quite sore and painful. If not better tomorrow I will consent to Doctor Carolyn to go to see an eye doctor. It is a wonderful week for rebuilding which will begin this coming week.
Saturday 17 October 1959

Marion and I both do a lot of household chores and preparing food. Warm weather.

Carolyn called. Cousin Freda Wippel in Vermont and arranged to spend their and Cousin Elly and Elly with us. Next Saturday Donny and I have to house this evening. Marion and Carolyn have an engagement in Greensburg.

Sunday 18 October 1959

Very Beautiful Day. Clear and Warm. Slept late. Wrote to Anna and Fred. Miss Addie. Afternoon we spent the family of a Daughter of Dr. Rennie.

We returned home for an early supper and very enjoyable visit with Dick and Ruth Johnson. Recalling the days of work and play. When we lived across the alley north of Professor, later Dean and Mrs. Johnson, Biese Parent, a very enjoyable evening.
Monday 19 October 1959

Received a letter from Anne. They are well but business is very slow for them. I sent my monthly payment. I made them a check for $100. I'll try to return home soon as possible. Spoke with Carolyn on some work she wanted done.

Tuesday 20 October 1959

A busy day. Barely got car service firm's part, still several letters to answer. Worked on the stove on some minor jobs and had a good visit with Marion. He came over for a test of a large electric coupling. We had an extra enjoyable visit this evening.

I wrote to Arthur and Mrs. Rice. Went with Carolyn for groceries.
New Unitarian Body Organized

The newly-formed First Unitarian Society of Fort Collins has scheduled its first program for next Sunday from 9 to 10:30 a.m. in Odd Fellows Hall at 149 West Mountain Avenue. The society will meet there each Sunday at that hour from September through June.

Persons interested in Unitarianism are welcome to attend.

Objective of the society is to further knowledge of and commitment to Unitarianism in the Fort Collins area. Educational, social, and recreational programs will be offered, organizers of the group said.

Registration and class assignments for a program in religious education for children from primary through high school ages will take place Sunday.

Officers Chosen

The society's adult program will consist of lectures, group study and discussion.

Officers of the society include Squire B. Stevens, president; Cyrus O. Guss, program chairman; Mitchell M. Smiland, religious education chairman; Mrs. Joseph A. Elder, music chairman; and Mr. and Mrs. George E. Bevard, treasurer and secretary.

Nationally the Unitarians are allied with another liberal denomination, the Universalists. The possibility of additional functional mergers is being considered by both groups.

Nationally the Unitarians are allied with another liberal denomination, the Universalists. The possibility of additional functional mergers is being considered by both groups.
Wednesday 21 October 1959

Carolyn's helper and I went to The home a breakfast. For most of the day, I repaired the housing of an antique weight clock and found it in good running order. When hung on the East wall of the living room, it is still operating in this setting. I had a good Wood cake which I received. During time, Marion showed me the pendulum, and I wound it for the night. Formed I could repair the accumulated gas from at War nick on the Reason. They want to send it to the Framers and have it in proper condition. Going to Bed early.

Thursday 22 October 1959

A fine day, light showers this evening. Fabian came in the shop, were in my room and attended a very interesting meeting. Where I Marion as Chairman of the Board formally turned over the New Junior High School building to the District Board. The large attendance demonstrated the interest of the community. Marion made a very good address clear and to the point which was generally applauded. The building is a large, carefully planned and well-built, and splendidly equipped structure. The best planned and equipped in the city. Rainy this evening.
Friday 23 October 1959

Clear this forecast slowly later. Carolyn and I prepared the small Rocker card and Charlie enjoyed her left hand, several cards. Your wish had to be removed above the heat glue and Brass, but it turned out well. I'm sure John Albert will like it.

Two Dear friend Mrs. and Mr. McCombick and Mr. and Mrs. Nealy visit us this evening. We had a wonderful dinner.

Saturday 24 October 1959

Carron and I went to Charleston, W.Va. by car from Devine to Charleston. 3 days by highway to Pitts. From the East Side of the Ohio River to Gardnerburg, then directly south to Charleston, a new highway for both of us. Even with considerable construction work under way, we had no trouble and arrived at the home of Cousin Elizabeth. Barnett was good times. Found her in good health and cousin Albert in fine health.

Learned this evening that cousin Debbie Slocum is critically ill. Decided not to go to Oak Hill to see her. The family is not able to have their times taken by visitors.
Sunday 25 October 1959
Feast of Christ the King
298th day - 67 days to come

A real Visiting Day. Some of our group attended Church in spite of a shower day. We had a grand Visiting Day. Connet Kent's Widow [illegible] Elizabeth's daughter and family were here for a very pleasant afternoon. Her teachers Chemistry and Physics in their Community High School, they have two fine girls. A very enjoyable day.

Monday 26 October 1959
299th day - 66 days to come

We came back home to dinner under cloudy skies. The sky began to rain, then showers, light. We motored North Cross Country to Petersburg, then on to Wheeling and beyond the east side of the Ohio River over excellent highway. We had a good view of Bardie across the river and the region of Cambria, farm in Ohio. We had a good Midday Meal in Pittsburgh, and were home by mid after noon. Learned Donny had flown away and had some sort of happy memories.

News from Marion is not good. The Electric Couplings are real trouble some.
Tuesday 27 October 1959

A cloudy, showery day, quite cold. I labored in the shop on two projects, one to give the dining table two coats of varnish and the other work on the square low seat, pulling the frame into shape for the cloth side cover and top cushion. Carolyn away for the afternoon. No mail.

Carol L. Lory

Wednesday 28 October 1959

A very interesting day. I wrote to Sister Mary Leo. The letter was then sent in the mail. Cleaned some clothes in the shop. Made no progress on the Lord's Rent issue. Carolyn wishes to have it finished. We called on Mrs. Who lives in a beautiful home in the forest near by. Wearing my new suit purchased at Galvin. I like it.

Had a phone call from Fred and Atma. Evidently our friends have gone away. I have not gotten their letters and have not received theirs. They now know I am coming home next Saturday. National Recreation Association 28th National Convention begins in Denver today. Larry does not attend.
Thursday 29 October 1959

A restful day. Worked on picture frames in the shop. Carolyn and I visited The Glass Manufacturers plant which specializes in kitchen and home articles. The firm has several Christmas presents. The firm and plant is one of the oldest in the nation.

We called on Mr. and Mrs. [name] this evening. [name] has no word from Marion.

National Recreation Association today.

Friday 30 October 1959

Cash checks for rights to Denver. Marion and Carolyn advised not to do so, are done the 16/02. I have 1000 shares. I worked at the firm early and thought I had everything ready. Marion returned from Portland Va. about 4 P.M. and helped on getting ready to leave. Towards evening Carolyn called my attention to clothing in the chest of drawers in the room. Which I had forgotten. During the day I put Marian's shop in order and helped Carolyn from a fine copy of a painting and around the shop and put the tools in condition for leaving. In the morning this forenoon I undertook to wash shirts and other clothing. National Recreation Association.
Flight #123 - 10:20 AM from Pittsburgh to Denver, due in Denver at 1:45. A wonderful 2 1/2 day visit.
Marion and Carolyn took me to the Air Park in Pittsburgh. The plane left on time and I thoroughly enjoyed my first solo air plane trip. The stewardess had the duties of the bartender and conductor.
Arrived a very good dinner meal. Made sure our double beds were properly made, and cured for an comfort. Generally, we arrived in Denver on time.
Anna and Fred met me at the Denver airport. We returned home. We had dinner on the way and in reality, they had a gay Bing Pappy party.

A really good, but slightly crowded day. First a good visit, a party look at the accumulated mail, then a trip to Long Beach with Sister Anna and Sister Mary. Lunch at our favorite restaurant on the Highway West of Honolulu. Every thing in order at Kauai. Eagle took home in red by tomorrow on a deer hunting trip.
1959

Monday 2 November

All Souls' Day
306th day - 59 days to come

A busy Day in Safeguard West
Our Cloud's Sky and wonder
ful Sunshine, labor at
the Desk, had a chat up
by Dr. Van der Schouw of Van
Renshaw in the Anna and east
of the Gentlemen Restaurant,
and later labor at my Desk.
Where work is piled high.

1959

Tuesday 3 November

Election Day
307th day - 58 days to come

A clear beautiful Day.
Labor at my desk, walking
down in the Shop, used
my power Saw. When
the Washer was use
and not only overhauled the
Master Sewer also put
the outlet of the city of the
waste down out of some
misunderstanding. We called for
help in the Mr. More
understood necessary to repair
the circuit.
I also worked in cleaning
the quiver and unwist
maladroit guten. For seeing
the north part of our-
rental cottage, and
erratically lost my glasses.
These not found them.
Later - I have them.
Wednesday 4 November 1959

A beautiful sunny day. A capable electrician repaired our broken electric fan and all is well. I finished the job of weather-stripping the windows and front porch door with plastic sheet. Several frames needed repair. House now ready for winter.

Seymore: Evening Lecture & PM Chugmans, Old, Lecture Room.
Did not attend. Just not there.

Thursday 5 November 1959

Wrote to Earland, Naomi. Finished installing the plastic insulation in the window of the residence. Have all installed but two. Had a very good chat with Ralph Peddyl. Had not seen him for months. Amma and I went to Enroy Park this evening. Went on an Arctic sled,拉小车 every thing in order at Terry Hill, and the house comfort. City warm, by stove. Oil stove installed shortly. We slept for 90% of Sierra Cassette until Collins. A strange and somewhat wavey day.
Friday 6 November 1959
310th day - 55 days to come

I had a very interesting chat with Russell Parshall who called on me early and we went to the Hydraulic Laboratory on the Campus where he told me of the work they are doing on the recently completed. Among the latter is the Vanne Merrill for measuring flowing water, and the Water Precipitation which purifies flowing water from sift and sand. This is the laboratory in which President Edwards of the State Board of Agriculture and I were able to persuade Reclama toeh the Commissioner. Head to publish to the College and when Ralph developed the Parshall sleeve.

Saturday 7 November 1959
311th day - 54 days to come

A fairly clear and pleasant day. I finished laying insulation plastic in the three South Wilmore in the living room, completing this. Also the window here the residence. Some required either repair or replacement. Of the plastic. June in listening to television including a fine concert by Lawrence Welk and Rauf.

A day of limited accomplishments. spent too much time enjoying television. Anxiously concerned over masking my Bill golf.
A beautiful day. So much correspondence and a meeting at 3:00 p.m. I decided to stay home with them, regret because I was invited to go with them to visit the familly. Dear friends whom do a pleasure to see. As I was on the job as much as I could stand all day, accomplishing as much as possible but could not finish. For change I enjoyed television... quite a day.

A beautiful day.
So much correspondence due.
I decided to stay home with
Dear friends whom I
Am invited to go with
Dine with Mr. E. Harrison 12 noon
Dr. Harrison too busy to come.
I tried to finish the job on
the front of our small
college but failed.
Was going to call on Mrs. Dural for
most enjoyable visit.
Later I had a good visit
with Mrs. Mary.
Anna and I prepared the
stay for the snow in the
upstairs bath room and
fresh "laid" it this afternoon.
Did a very good job.
Pretty tired tonight and am
returning early.
A fairly good day. Compressed jar and stand work. Planning on improving the path on our rented cottage which will virtually provide an other room for the Dave we purchased. The design is excellent. The job itself will take more time than I thought. Unfortunately I can not give the care and time to correspondence. Several letters from friends are not answered.

A day I limited accomplishment at my desk on the shop and in completing the enclosing. The front part on the cottage is. Street I tried to carry out: Suggests suggestion which requires more time than I thought. See next page.
I labored at my desk trying to clean records, going over my absence. It was a busy and rather worrying one day. Remembering details needs a better system. I recorded that I have developed a simple way not to rely on my memory. The Ageing Process has its worries, especially those caused by failure of memory.

I finished the Porch improvement on 621 Locust St. Cottage. This proved to be quite a job, but worked out quite well. Painting and putting door lock back to be done and installed. Fire! Retiring early.

Northern Colorado Water Basin Dept. A cold day with light snow showers. I attended the regular monthly meeting of the Board of Directors of the Conservancy District. Having with the three Farm Bureau Directors, the Board members took an active part in the Annual meeting of the National Reclamation Association. I had earlier county work on being with them and came home on the Sunday after the meeting in Denver. As I was not a member of the Board, we had a very active part in the meeting in Denver. They surely did a good job.
Saturday 14 November 1959

N busy day at my desk trying to reduce the accumulation of paperwork at work. The work in the Citizens' Bath Room as well as under going Plumber O.W. Randolph's labours in changing the door leading to the basement by reversing the hinges from the East to the West side of the door. Sir, a lesson for us to follow very good.

Sunday 15 November 1959

Arthur, Marie and Child drove were with us for a very fine visit. Jery gave us some of his time from his studies which is much appreciated. He is working a good subject at the Colorado State University. We are all interested in the President of the State College to make it a four-year university with degrees in Agriculture and Science.
Anna joined my Bill
gold in the second
drawer South East corner.
Plumber Randolph and his
part finished the installat
of fixtures in the kitchen
Bath Room. Doing a very
good job. We are all won
dering why we did not
have this work done earlier.
perhaps the cost $82.40 was
a deterrent. I started work
on a set of shelves in the
South East corner of the
room. We have attended a mu
ical at the Epcot center
which was very much enjoyed.
"EYE-EASE" RECORDS

"Eye-Ease" paper, ruled in restful brown and green ruling, is easy on the eyes because it cuts glare, lessens eye strain, and promotes accuracy. Available in Books, Pads, and Sheets for nearly every need.

FLAT OPENING COLUMN BOOKS

The new End-Bound Column Books now have these five features.
1—Flat writing space in all columns.
2—Numbered lines make it easy to read across page of all columns.
3—Ample figuring space for pencil calculation.
4—Pages of "Eye-Ease" Ledger Paper and ruled in brown and green.
5—End-Bound construction protects ends where wear comes.
Available in 150 pages. 3 sizes ruled 2 to 36 columns. Ask for 48-B Series.

PAYROLL ITEMS

Payroll Books, Visible Forms, Statement of Earnings for Employees and Daily Time Records are available to meet to-day's requirements.

1959

Tuesday 17 November

321st day - 44 days to come

A rather cold day. Fred works on the yard since early in the forenoon then motorb to Estes Park. Informed me to go with him, I remembered the unfinished work on my desk and in the shop, and stayed here, spent most of the day in the shop finishing the shelves. Went in the upstairs bathroom, did not finish due to lack of wood screw of proper size. Sister Mary with us for a good visit; not up to par physically on my work today.
Wednesday 18 November 1959

I tried to finish the shelves in the Upstairs Bathroom. Found this requires more time than expected. Made an error in making the last shelf; it is unfinished and the Waste bucket in the shop. Weather pleasant; tree in the Park came down this evening. On my way to a Dinner Meeting at Dinner, Anna and I enjoyed the evening with television and a good meal with Reed Tossig.

Thursday 19 November 1959

The shelves took more time than I expected was able to finish them today. The Bath rooms is convenent. We wonder why it was not installed years ago. Need really me to go to Fortress with time. Decided to work on the Upstairs Bathroom shelves.
Friday 20 November 1959

The bathroom was finished today except painting the shelves. We are sorry to learn Vice President Dobson is in the hospital suffering from a heart attack. He is expected to recover, and generally hope for early and complete recovery. It is in the park.

A cool pleasant day. Spent some time in football games on television, particularly the Wisconsin University versus Minnesota University in the afternoon, won by Wisconsin.

Saturday 21 November 1959

Presentation B. V. Mary

323rd day - 40 days to come

Trish is in Estes Park.
Beautiful Day. Dad not attending Church. Thursday I labored on the fence.

I worked on the fence for enclosing our pets, particularly Arna’s Dog.

Then went to bury the Jon.

A load of length to finish the fence job, found every thing in order there except the wood which is urgently in need of repair. We loaded the car, had supper and slept Jar 3, while Andy worked in my study. What I miss sorely. We got money 10 for a cloth. I plan to continue my financial support of the century church on the same basis next year as this $100 for the year.

Traffic Toll in Colorado annex can be the morning 368.

Floured at cleaning the yard enclosed by our new Board piece of fence and tended to my there in the cage and rakes the wood very well assembled and large piles of leaves brought out of the house. My desk work kept me out of letters to Marion & Carolyn, Earl and Marvin. I slept one Ouraghe lunch. Met with the girls club at the home of Mrs. Stewaun at Jar & a description and study of the Colorado Big Thompson Anemometer Design Project. Not up to par tonight, retiring early.

Tread is in City Park.
Tuesday 24 November 1959

I paid my Alumni Faculty Dinner for next year.

We had a phone call from Mr. McCandless re our Project.

I had a phone call from Mr. Esmond re our Project.

Joe was waiting for my School of Mines. He asked me to authorize the bill to present to the General Assembly.

Wednesday 25 November 1959

We three and the dog and two cats came to lunch. I had a comfortable trip. I was very happy and the house is very comfortable.

We went to Town early and it was busy there all day. Arrived and worked at homely chores and correspondence.

Our early clear sunny day changed to overcast and light snow. We worked on the doorbell system. Found we had not made the correct connections, so looked for the fact the bell maker was in front and back doors and we used only the front door. And jumped to work it accordingly.
We have two or three inches of snow. Some sun shining during the day.
I cleaned the "Breezeway" including the passage way to the wood and coal houses, and the shelving adjacent to the West door. Night temperature low.

A clear beautiful day. We made necessary preparations for Arthur and family. They arrived after noon, and we had an interesting visit, by using one couch stored in Shory cottage and brought to the living room at last so we have ample sleeping accommodations. We had a real visiting evening.
Saturday 28 November 1959

A clear beautiful day west heavy wind on the range. Start left early on the Valley. Labored at my desk trying to clear some material before returning to my office. Ang and I came down with Arthur and family, found everything in order at 7:30. Stone, I am disappointing at the amount of work. I accomplished while at Ray. We were bright sunshine the leaves with Autumn leaves and children successfully hauled me away from my desk. I probably brought home more work than I did to the park.

Sunday 29 November 1959

Another beautiful day, I attended Church. The sermon by Remond Havel Wright very good and inspiring. Home and tree were my events at luncheon. Television was enjoyed and occupied much time. I am legging in correspondence. Have no word from Earl, who is coming for an Athletic conference in Denver.
Monday 30 November 1959

St. Andrew, Apostle
334th day - 31 days to come

Anna Called Earl in Denver this morning. He appealed to me to clear my desk of accumulated material pending return from visit with Mdrson.

Tuesday 1 December 1959

A pleasant day. Earl came on the form bus, and we had a very enjoyable trip. He asked if I would go home with him, I said I would and we made our plane reservations for next Sunday. This means more time to work for me to clear my desk. He is going back to Denver soon for another Athletic Conference job. We are all enjoying his visit. Sister Mary was with me part of the day.
Wednesday 2 December

I had a wonderful visit with Earl. I had not seen him since last summer.

I labored at my desk, sewing, washing, and doing some housework.

I attended a funeral Mass at St. Francis Xavier on Sunday afternoon.

I labored at my desk, writing, and doing more housework this evening.

Thursday 3 December

I labored at my desk, cooking, and doing more housework. It was a very busy day.

I am planning to go home with Earl and the family on Saturday.

Have you ordered your diary for next year? See number in front of book.
Friday 4 December 1959
338th day - 27 days to come

A beautiful day here, clear and sunny. Anna helped me pack for going home with Earl.

Saturday 5 December 1959
339th day - 26 days to come

Ired and Anna took us to the Denver Air Port. We left our time had and an interesting flight to Billings on hours Wait. There and quite a trip to Missoula. I understand why travel by plane is so popular and successful in winning patronage from the Rock Road.
Sunday 6 December

So busy visiting, forgot to write in my diary a week. Naomi is well, gave us a warm welcome. Earl R. is fine.

Monday 7 December

Took care of my diary. Started on developing a shop for Earl in the basement. Naomi and I got some lumber for extending the shelving on the north wall of the store room to the ceiling.
Tuesday 8 December 1959

In 1959, I must record my daily record. Efforts to clean have not been good. I hate to understand why a person can not follow the daily record of the

Third Sunday in Advent 347th day - 18 days to come

December 13th 1959

I attended Church with Earl and Naomi. Had the pleasure of seeing Kenneth Barnes now at Roseman.

We spent the rest of the cold day at home. Had a good visit with Mindy and Earl, Earl R., Lanita and I had supper together. Naomi is at Denver. Earnings with the Home faculty of the University.

Dec
Monday 14 December 1959

Dec 9

A beautiful day.
I decorated our additional shelves on the north outside wall of the basement food storeroom. Home then ready for poultry tomorrow. Home 3 copies of the Craig Emancipation. My good friend Joe McFarlane published my letter to American which I tried to have been get the credit for promoting Emancipation work at the Colorado School of Mines. To well be useful to the local Reverend Assembly

Tuesday 15 December 1959

Dec 9

I worked on additional shelves on the north outside wall of the basement food storeroom. Home then ready for poultry tomorrow. Home 3 copies of the Craig Emancipation. My good friend Joe McFarlane published my letter to American. Which I tried to have been get the credit for promoting Emancipation work at the Colorado School of Mines. To well be useful to the local Reverend Assembly.
Wednesday 16 December 1959

I finished the shelves on the north wall of the store room in the basement. They are ready for painting tomorrow.
The third hour's rain and I ordered yesterday fitted new walls.

Thursday 17 December 1959

The shelves are painted and partially filled with jelly and preserves. I worked on an indoor shop for Earl, near the South Door to the shop and garage. There is room enough for a shop work table and milk shelf.

Room south of the tables, they are convenient for minor repairs and some portable. I saw no way of putting the garage shelf for Winter use.

Dan writing Ama this evening.
Dec 18th
I worked on Earl’s shop in the hallway leading to the garage door, a fine location for a handy little shop for household needs. It was nearly finished. I made a good repair shop, comfortable. The year retards. I believe the work Earl R. will enjoy it, Earl and I will take it at a faculty dinner this evening, and Earl R. will invite Zanita.

Dec 19th
Another cloudy day. I labored on the workbench in Earl’s shop and the shelves above it. It is working out well and I believe he will enjoy it. Sorry I couldn’t meet you today.

Had two letters from Anna. She included the State Institutions Envelope having her for 50° for December.

Dec 19th
I finished the new top on the “Ami” table. This might tie in to some Mary Anna home coming?"
Dec 14
A good weather day.
I attended Church with
Mommie. Heard a good prezy
ning sermon. Earl has
Army commitments and was
able to there all day.
I tried to carry urgent car
response up to friend
and sons, David, Mary, Clara
and Addie, and send a check
to Dr. Van der Saecouw.
No call yet for.
Am anxious to finish Earl's shop
for Christmas.

Sunday 20
All of us attended Church.
A cold foggy day.
We went to the mountains.
for nice tree. Decency
at this evening.

Dec 15
I finished Earl's shop by
day afternoon. It look
good to me and I hope to
likes it. It is handy, con-
venient and warm. I
finished the necessary shop
up by 2:30 this afternoon.
I helped enjoy working in
it, as I did in building
it. We are having shee-
ning this afternoon.

Earle, likes the shop. Is pleas-
et with the whole plan out
wartensman ship. I am glad
We all lecture in Christmas week.
Wrote Vice President Damon
Spent the evening reading
next week. 10 bed at 9:45
Dec 21. We labored on Christmas
discussions. Painted out table.
Tuesday 22 December 1959

Naomi and I spent the day attending hearings on Water Resources, Development and use at the University. Attendance very good.

Dec 16

Our good friend was there, took an active part in the hearing, but I had no opportunity to speak to him. A good hearing and keen interest.

Dec 20

I finished the shell door table, the new top is fine, lighter in weight and in good order. Cleared accumulated paper from the garage. Work with Earl shipped. It is happening up here. Christmas spirit along preparation interesting.

Wednesday 23 December 1959

Dec 17

Spent a busy day, put some finishing touches on Earl’s shop, and some repairs on Naomi’s Picnic Table, which I hope I can paint tomorrow. The weather was pretty severe on the plywood top, paint may extend to usefulness another year or more.

Dec 17

We had a wonderful evening. Mr. and Mrs., and Professor and Mrs. of the faculty were here for a very enjoyable visit. Dec 23

I had a good visit with Earl. Regret a shorter one with Earl today. This ending 11 PM.
Thursday 24 December 1959

In my eagerness to be useful here I overlooked the approach of Christmas, am now really worried I’m not getting on in time. More letters, as far as anyone can see them. Consist of letters to Maria, Caroline, Fred, Ann, and Elizabeth. D’I’ll have plenty of Christmas letters tomorrow and later.

At 9.20 Roger came. Father wrote Tablet. 8.40 the Stock Market.

Friday 25 December 1959

Christmas. A beautiful day and a very happy one. Up early. Wrote to Fred and Ann. In the afternoon a remembrance of the day. Wrote to Marion, Carolyn and Ralph Carroll. Finished last shop painting the wall while I couldn’t see the writing. He is pleased. I believe he will enjoy it.

Warm and the Siemens stove well as the same for the bench seat. To enclose.

A busy day. Wrote to Marion and Earl to pay in any more of the funds we advance for good. Since study, they have become paying 9% 22d/month.

A very interesting day.
Saturday 26 December 1959

St. Stephen—Washington Crossed Delaware 1776
360th day - 5 days to come

9 finished Earl's shop and he and I really cleaned the garage, and enjoyed working together. Well, time for the oak door back to the garage Monday. I'm storing crop into a sprayer. The work today completed the project I have to do for Earl and family this time. Should be done to build the garage and pole roof, later. I could do it myself. I am concerned about Anna being alone at 483 Stonew sometimes. Fred is on full time work for the original Quakerthorpe age in Ester Park.

Sunday 27 December 1959

First Sunday after Christmas—St. John, Evangelist
361st day - 4 days to come

A mild beautiful Day, Earl brought me back Church, a very inspiring Service. We were guests at lunch at a wonderful meal we enjoyed by telegraph between the New York Yankees and the Baltimore Orioles. The New York team lost by a score of 5 in an uneventful but consistent game. I lobby at correspondence the evening still much undone. I wrote to Anna and Fred.
Monday 28 December 1959

Holy Innocents
365th day - 3 days to come

I spent considerable time in the shop working on a mica ply board closure for the fire place in the basement study. I thought closure pointed white would improve the looks of the fire place. I need the old cover for the out of door piano table. It is badly weathered and not good.

Mrs. and Mrs. Lever were here this evening and we had a wonderful time. They are wonderful friends and capable community workers. I hope I have a letter from them tomorrow.

Tuesday 29 December 1959

366th day - 2 days to come

The former table top is in worse condition than I thought. So the fire place closure in the basement is not as good as I hoped it would be. I'll try to improve it tomorrow. I am sure it will improve the temperature of the large ad basement room, but at the expense of ventilation. The room will not get as much fresh air. I wrote Gertrude some letters to Thistle Scout... included in Water Sister Mary, and Festival Alumni. Hope I can get a letter off her. I need Mrs. Beecham in Essex Park tomorrow.

Letters including Bar Brown's and Maids.
Wednesday 30 December 1959
364th day - 1 day to come

I made a portable book, Rush for Naomi, painted it and it is on our kitchen table ready for use. Also painted the closure for the basement fireplace made from the linoleum and door table top. It is badly weathered and a poor job. Not worth the work to repair it. Earl, Naomi, and Earl R are cleaning the good neighbors who lived next to them on Savannah Ave. I was in working clothes and they looked from Gary with them. Mary Enna and I had a good visit.

Thursday 31 December 1959
365th day

My 35th day with Earl and family. I changed the closure for the fireplace. In one hundred board near the kitchen door against the furnace and brick wall in the kitchen and believe it is better. I gave in a second coat of white paint. People in The change is a little concealed line.

In mid-afternoon President Morgan and Hon. Ralph Parshall, whom I love as a brother, lost power after a heart attack. He was my first President at the College and we have been close friends ever since. A nice afternoon and Essy.

Dec 30, 1959

In 1913 he accepted a Department of Agriculture appointment as assistant engineer and director of irrigation investigations, operating from the CSU hydraulics laboratory. He was promoted to director in 1918, a post which he held until his retirement in 1948. He returned to the campus twice as visiting lecturer in 1951 and 1952.

Mr. Parshall's career of CSU student and instructor and government engineer spanned a 60-year period following his arrival here as a freshman student in 1899. His home was a 926 Akin Avenue.

He was a member of Phi Kappa Phi, national honorary engineering fraternity, and a lifelong member of the American Society of Civil Engineers. He organized the Fort Collins Engineers Club and was its first president. He received the gold medal award of the Colorado Engineer Council in 1949, and in 1943 was awarded a USDA award for "superior service" in recognition of his achievements in irrigation engineering.

Mr. Parshall was a member of the Co. At a
Parshall Dies at 78

RALPH L. PARSHALL

Dr. Ralph L. Parshall of Fort Collins, Colo., and a professor of chemistry and geology at Colorado State College, died at his home here from a heart attack on March 16. He was 78 years old.

Dr. Parshall was born in Colorado Springs, Colo., on June 29, 1897. He received his B.S. degree from the University of Colorado in 1919, and his Ph.D. degree from the University of California in 1924. He was a member of the Colorado Agricultural Research Station from 1924 to 1930, and from 1930 to 1935 he was a faculty member of the University of California. In 1935 he joined the Colorado State College faculty as associate professor of chemistry, and later became professor of chemistry and geology.

Dr. Parshall was a member of the American Chemical Society, the American Association for the Advancement of Science, and the Geological Society of America. He was a past president of the Colorado Academy of Science and a member of the Colorado Society of Science Teachers.

Dr. Parshall married Mary Louise Dickens in 1920. He is survived by his wife, Mrs. Parshall, and two children, John and Mary. Services will be held at the Family Home on March 20 at 11 a.m. Burial arrangements are pending.

Dear Mr. Long: In the past couple of weeks, I have been bedridden at home with a heart condition. Some days feel fairly well and then a day or so not so good. Don't think my case is serious. Not able to write letters — just a few notes to let my friends know about my trouble. Later I hope to write to you more in detail. Otherwise we are all well.

Dec. 25/59

Yours truly,

[Signature]
When the state of Colorado was a younger, mining was the most important activity. In the year 1900, gold production had reached the annual amount of twenty million dollars at Cripple Creek, the second richest gold camp in the world. There was very little agricultural production. Since that time there has been a steady decreasing amount of mineral production with an increase in agricultural activity until it has reached the top of all industries in the state.

XXX

Credit for this amazing increase in agricultural activity in Colorado must be given, in a large part, to the Agricultural Experiment station at Fort Collins under the Colorado State University. Agricultural experts have piloted the production of better grains, livestock, modern irrigation methods. They have combated disease in fruits, vegetables and animals. Their experiments in better farming methods have resulted in increased agricultural production that has brought prosperity to the farmer and millions in tax revenue to Colorado.

XXX

As agricultural production has steadily increased, mining activity has just as steadily decreased. There can be no doubt but that Colorado mountains still hide untold mineral wealth. A Mineral Experiment station should be established at the School of Mines at Golden with duties parallel in mining to that of the station at Fort Collins in agriculture. The School of Mines has many mining experts and the cost of adding to the staff would be minute compared to the adding others to the staff would be compared to the value they could bring to the state in added mineral production.

XXX

The above is not my idea. It was given to me by Dr. Charles A. Lory; Educator, Agriculturalist, Water Expert, Engineer and one of the brightest minds the state of Colorado has ever produced, Henry Stineh.
