Figure 10: Self Portrait	Photoshop, 14 in x 18 in

Artist Statement:

Meryl Saxton

I like to explore the possibilities of how to present visual problems. Using computer programs and traditional mediums I can figure out what is best suited for a project. I enjoy experimenting with rich textures, vibrant colors, and whimsical/fantastical subject matter. Instead of adapting a subject to my style I like to adapt my style to the subject or the message; It's a puzzle to solve and everything requires something a little bit different.
