Mr. Charles F. Fossom  
Director, USC M to Colombia  
o/o American Embassy  
Bogota, Colombia

Dear Mr. Fossom:

This will introduce Mrs. Pauline Birky, a senior member of Colorado State University Research Foundation, who is visiting you in connection with the study of the Point Four Youth Corps proposal. The Research Foundation has a contract with ICA to make this study and must make a preliminary report in the near future.

In my opinion there is a very strong likelihood that we shall have a Youth Corps program under the new administration and probably in the very near future. Enclosed in this letter is a recent report on the status of the Youth Corps proposal which was sent to Mr. Riddleberger for information.

I shall appreciate very much having you give your full cooperation and that of your mission staff in assisting Mrs. Birky with her mission. Such cooperation will help to ensure that the Youth Corps develops along the lines useful to US overseas objectives.

Sincerely,

/s/ John J. Grady

John J. Grady  
Deputy Director for Management

Former Resident Tours South America As Part Of Research Team

MRS. CARL BIRKEY

Mrs. Carl Birkey of Fort Collins, Colorado, formerly Pauline Liven good of Atwood, who is a Colorado State University research associate, is taking an extended tour of Mexico, Columbia, Chile, Haiti, Jamaica and Santiago. Mr. and Mrs. Birkey are veterans of an ICA mission in Iran in 1956-58. Mr. Birkey is associate professor of sociology and economics at Colorado State University.

Mrs. Birkey is part of the research team, along with Dr. Manuel Davenport and Dr. Maurice Alberton, who have begun investigations in ten foreign countries of the feasibility of an American youth peace corps, to aid underdeveloped nations. The proposed corps was recommended last November by President Kennedy in a speech at San Francisco.

This team will interview government officials, citizens and career Americans about the need of such a technical aid program and whether it would be welcomed in the countries they visit.

The idea of a "youth corps" has been proposed at various times in Congress by Senator Hubert Humphry of Minnesota, Representative Henry Reuss of Wisconsin and the late Senator Richard Neuberger of Oregon. Both former Representative Bryan Johnson and Senator John A. Carroll of Colorado were instrumental in arranging for the current CSU investigation.

The final report on this investigation is due May 1. However, the offices of President Kennedy and Representative Reuss have expressed a desire for preliminary findings by February 15, presumably to be used as a guide for planning a new youth corps legislation in Congress.

Mrs. Birkey left the States January 9 and will return February 7. While in Columbia, she will return the personal belongings of a Colorado State University student who was killed in an automobile accident in Colorado, to his family. The student is survived by his parents and his wife and small daughter in Bogota, Columbia. While in Chile, Mrs. Birkey will visit friends who formerly lived in Fort Collins, and are now living in Santiago.
The Research Foundation of Colorado State University has been designated by ICA to do the necessary research on the plausibility of establishing a Point IV Youth Corps under the Congressional Mandate 307(b) of the Mutual Security Act of 1960.

Mrs. Pauline Birky of the Research Foundation of Colorado State University has been designated to travel to selected South American countries to discuss the subject with the country teams, government officials and interested private citizens. Tentative plans have been made for Mrs. Birky to visit your country during the latter part of January 1961 for the purpose of discussions as indicated above. Exact travel dates will be confirmed at a later time.

ICA/W and the Research Foundation of Colorado State University do not wish to insist that Mrs. Birky visit your country if this is going to put the Mission or Embassy in a difficult position, therefore, we would appreciate your observations at your earliest possible convenience as to whether you would be willing to have Mrs. Birky visit your country as indicated.

In view of the fact that the Foundation is working with limited funds and on a tight time schedule, if country team welcome's Mrs. Birky's visit, ICA/W would like to suggest that round table discussions on the subject would probably be the most profitable.
