Chicago, Rock Island and Pacific Railroad Company

Dear Mr. Langdon:

Thank you for your thoughtful letter of September 23 but, more importantly, for your coming to the Kemp factory and participating in the ceremonies. Your remarks were very appropriate and they were much appreciated by all of us at Great Western.

On behalf of the board of directors of Great Western United, I wish also to thank you for your courtesy in making your private car available to us on the special train from Denver to the factory on September 20. It was a comfortable and unique place in which to conclude our board meeting.

We have had a long and pleasant relationship with the Rock Island. This, I am sure, will become even more meaningful to your railroad and to Great Western with the Kemp factory on your line.

With kindest personal regards,

Sincerely,

R. R. Owen

Dear Mr. Owen:

This is to tell you again what a fine performance your company put on last Saturday in opening the new factory at Goodland. All of us on the Rock Island were very much impressed.

We are determined to provide you with the kind of railroad service you are entitled to, and if anything goes wrong in the period ahead, I know I can count on you to let us know.

With every best wish, and thanking you for your hospitality, I am,
