JACK LACY
DIRECTOR

August 28, 1968

Mr. Robert J. Fisher
The Great Western Sugar Co.
P.O. Box 5308
Denver, Colorado 80217

Dear Bob:

Thanks for your letter of August 22. It is with great anticipation that we look forward to the dedication of the new GW factory in Kansas.

I discussed your letter with Governor Docking and all signals are "green and go".

The Governor has requested that I represent him at the Dedication Ceremonies; so I will be there in a dual capacity, representing our department and the Governor of Kansas.

We will be pleased to assist with publicity for the September 21 event. Tell Jim Lyon to let us know what he would like for us to do.

The Governor will be pleased to sponsor a luncheon in Topeka, at your expense, to introduce GW President Bob Owen to the business and political leadership of Kansas. This can be staged at the Topeka Country Club and the Governor's appointment secretary suggests Monday, September 30, or Wednesday, October 2. Be sure to let me know which of these dates is best so we can pin down the Governor and the Country Club. We will get around to the guest list and other details at a later date.

I will attend the breakfast to be held in your office building at the factory at 7:30 a.m., Saturday, September 21. I may fly out to Goodland bright and early that morning so let's leave the room reservation in abeyance until my plans become firm.

Mr. Fisher

We want you to know that Kansas is proud to have The Great Western Sugar Company as a member of our business family. Be assured we will do all within our power to make your investment most profitable.

With every good wish.

Sincerely,

Jack Lacy
Director
