Dear Mr. Rowat:

We are pleased to comply with the request for materials in your letter dated November 19, 1975. Accordingly, we are enclosing herewith a copy of the latest annual report of our parent company, Great Western United Corporation, and a copy of the latest issue of our external house organ, UPBEET.

We will see that you are placed on the mailing list for both publications.

We would very much appreciate receiving your annual report and the British Sugar Beet Review. We are, however, consolidating the public relations function for all of the subsidiaries of Great Western United and will be moving to the offices of our parent company in the next few days. Therefore, we ask that you send the publications and all future correspondence to the following address:

Thank you.

Sincerely,
