MR Robert Munroe

General Manager - Great western United Sugar . P.O. Box 5308 Terminal Annex.

Denver, Co 80217.

Dear Sir,

I was a member of a group of the students of the Economics Institute of the University of Colorado which have visited your company during the summer of 1976. you have taken some photos for our group in your meeting room. you have promised me to ^{send} my copies to my address in Boulder. But unfortunately I didn't receive these copies until now. As our training period in the United States is going to finish. please send my photos to my following address before 24 of this month.

waiting to receive my photos as soon as possible, I have to benefit from your company capability in order to establish the new factories of sugar in my country when I go back very soon.
