TO: ALL MSG BROKERS  
ALL MEMBERS OF MANAGEMENT

By this time, all of you have undoubtedly heard about the monosodium glutamate controversy. For your information, you will find attached an article from the Wall Street Journal, dated October 27, summarizing the controversy as well as anything I have seen published.

If any of you are contacted by any member of the news media, I suggest you refer them to Mr. Robert R. Owen, President of The Great Western Sugar Company or Mr. Whitney Newton II - Vice President and General Manager, Research Division, The Great Western Sugar Company.

Sincerely,

INDUSTRIAL PRODUCTS
