SEATTLE

July 14
Dear

Capt & Mrs H.

Dr said this morning if nothing
set in we were on the safe side
as Mrs E he figured out of danger.
She seems lots better but so weak.
Omer is all right and Rex is
better but still in Room.
Worothy & Babyns still in bed
but they are getting along nicely
but it is slow; and it has to just
have its run. Don't know
when we can get away. Will
be glad to see Will the 15th.
Mame got a letter from Not this
morn. They were all well but it
was very hot in Greeley. With
lots of love from all Omer,
