News from the University of Colorado Health Sciences Library

August 2014

[Virtual PC for students – use it from your own laptop!](#)

AMC students: do you bring a laptop with you (either Mac or Windows) to use on campus? Once you're on the UC Denver wireless network, you can access one of the library's virtual Windows 7 PCs. The virtual PC for this pilot includes the following software: Microsoft Office 2013 Endnote X7 SPSS , R , [...]

[Biostats 101 Seminar Series](#)

Did you miss out on the great Biostats 101 Seminar Series? The Colorado Clinical & Translational Sciences Institute is providing access to the Biostats 101 Seminar Series through a series of new videos so you can get the content you need at your own convenience! The archived seminar videos include: The Role of the Statistician in the Research Process, [...]

[FREE ATLAS.ti Beginner & Intermediate Short Courses in September](#)

Available September 2014 | Free of Charge | University of Colorado Anschutz Medical Campus Health Sciences Library, Teaching Lab 2. For specific questions about ATLAS.ti or program content, please

contact Doug Fernald. ATLAS.ti is qualitative data analysis software designed to help manage and analyze non-numerical data such as text, video, audio, and graphics. It supports a [...]

[A Letter to New Medical Students](#)

Dr. Sue Hall, a neonatologist and blogger at the KevinMD website, has some words of encouragement for new medical students. What advice would you give our new SOM students? Click the comments link to share your thoughts!

[Tracking who can access files on your Google Drive](#)

It's easy to lose track of who has permission to access documents and folders in your Google Drive. If you're like most users, you share documents with a wide variety of people – family, friends, co-workers, etc. (Maybe your ex shouldn't have access to the folder where you store your vacation photos anymore?) Lifehacker offers [...]

[New features on Health Sciences Library's homepage](#)

In an effort to continually improve the library's website, we're testing out the following features on the homepage. Let us know what you think! Top Resources: Now includes new categories to provide more context and guidance. Featured Links: Moved to below the slides and now includes new categories to provide more context. For questions, [...]

[Apps for keeping current with medical journals, news and research](#)

The Health Sciences Library supports several apps that are designed to help you stay current with medical journals, news and research. BrowZine: UCD-AMC only. After downloading the free BrowZine app select our institution: University of Colorado Health Sciences Library and enter your usual library login credentials. Authentication FAQs. The library only subscribes to the iOS version of this resource at this time. [...]

[New VisualDx Mobile Quiz for iOS](#)

VisualDx has added a mobile quiz for the iPhone and iPad. In order to access the quiz, you must install the latest version of the VisualDx app if you don't have it already (follow instructions on our app guide)

New e-books

Atlas of Human Anatomy.

Essentials of Pharmacology for Health Occupations.

How to Read a Paper: the basics of evidence-based medicine.

The Johns Hopkins Internal Medicine Board Review: certification and recertification.

Physiology of the Heart.

New survey looks at resident's salary, debt, and quality of work life

Medscape, a news and information site for physicians, conducts a number of surveys each year. (HSLnews reported on the physician salary survey earlier this year). This week, Medscape reported results of a survey on the resident experience, compensation, and debt burdens. An additional slideshow captures comments about the experience of residency and highlights changes and [...]

Are health apps the new snake oil?

While the FDA can review and approve health apps as medical devices, most apps fly under the radar. This has consequences for both accuracy of health app tools, potential health risks to consumers, and health-data privacy issues. On the other hand, will tighter regulation push developers out of the market, slowing app development [...]

Random from the Repository

Civil War period surgical kit from Digital Collections of Colorado <http://hdl.handle.net/10968/99>. Want to see more? Check out Digital Collections of Colorado. Want to submit your work (poster, article, images, presentation, and more)? Find out how: <http://hslibraryguides.ucdenver.edu/digitalcollections>

New from Interlibrary Loan: No-cost service for University Residents!

Beginning September 1, 2014, University Residents on payroll with GME are eligible for ILL services at no-direct cost. To get started, register for an ILLiad account here and begin placing requests! Already have an account? You won't need to do anything, you're good to go! Registered for an ILLiad account in the past but [...]

New Staff at HSL

Tobin Magle is the Health Sciences Library's new Biomedical Sciences Research Support Specialist. She has a PhD in microbiology from the University of Wisconsin-Madison. Her thesis work centered on the intracellular parasite *Toxoplasma gondii*. If you've ever heard that women shouldn't scoop cat litter during pregnancy, *T. gondii* is why. This parasite causes severe [...]

What are your three library wishes?

If the Library Genie granted you three library wishes, what would they be? From Sept 2 – 22 you have the opportunity to let us know! In 2013, the library solicited wishes from users as part of our strategic planning process. The feedback we received was outstanding, so we are asking for wishes again this [...]

Walk Stations & Wellness at the Library

Health Sciences Library is pleased to announce the arrival of two walking treadmills to provide healthy studying and lifestyle options for library users. Our new walk stations: Operate at low speeds so you can read, watch video, use your laptop, etc. Come with a height-adjustable table over the treadmill for your laptop, a book, etc. Are [...]
