

CONTENTS

HIGHLIGHTS	A-1
----------------------	-----

I. GENERAL

PROJECT ACTIVITIES

Synthetic Fuel Developments Worldwide -- Slowed But Still Active	1-1
--	-----

GOVERNMENT

Reagan Submits Proposed Reorganization of Energy Functions To Congress	1-3
DOE Sunset Review Presented To Congress	1-3
Government's Plan For Fossil Energy Research Given	1-7
SFC Board Meeting Actions	1-11
SFC Receives 37 Second Solicitation Proposals	1-13
SFC Board Action Opens Denver Office, Raises Salaries of CEO, Vice President of Engineering	1-17
SFC Study Group Issues Two Reports	1-17
Bills To Abolish SFC Introduced By Colorado Congressmen	1-17
Reagan Nominations Complete SFC Board	1-18

TECHNOLOGY

Design Data Needs For Refining Syncrude Surveyed	1-19
--	------

ENVIRONMENT

Clean Air Act Amendments Proposed To Encourage Energy and Mineral Development	1-24
Environmental Data For Synfuels Lacking	1-24

U.S. GOVERNMENT SYNTHETIC FUELS PROCUREMENT NOTICES LISTED	1-25
--	------

U.S. GOVERNMENT SYNTHETIC FUELS CONTRACT AWARDS LISTED	1-30
--	------

COMING EVENTS	1-33
-------------------------	------

RECENT GENERAL PUBLICATIONS	1-38
---------------------------------------	------

II. OIL SHALE

PROJECT ACTIVITIES

Exxon's Withdrawal From Colony Is Assessed	2-1
Oil Shale Development Is Analyzed From a Market Perspective	2-3
Oil Shale Development Is Examined From an Economic Perspective	2-7
Exxon's Withdrawal From Colony Impacts The Oil Shale Industry	2-11
Colony Project Cancellation Forces Changes In Support Facilities	2-12
Silmon Smith Oil Shale Project Is Described	2-14

GOVERNMENT

DOE Seeks New Lessee For Anvil Points Facility	2-16
--	------

INTERNATIONAL

Study Assesses Brazilian Oil Shale Activities 2-18

WATER

Water Applications Related to Oil Shale are Listed 2-21
Legal Problems of Colorado Water Usage For Oil Shale Examined 2-24
Water Resources Council Assesses Water Needs For White River Basin Projects 2-25

SOCIOECONOMICS

Union Presents Testimony on Socioeconomic Mitigation Efforts 2-29

STATUS OF OIL SHALE PROJECTS 2-31

RECENT OIL SHALE PUBLICATIONS 2-39

III. OIL SANDS

PROJECT ACTIVITIES

Alsands Project Dies Despite Final Government Offer. 3-1
Tarco Operates Kentucky Solvent Extraction Pilot Plant 3-2
Kensyntar Operates Pilot and Plans Commercial Facility 3-4

GOVERNMENT

Reactions to the Alsands Project Termination are Discussed 3-6

ENERGY POLICY AND FORECASTS

ECONOMICS

University Studies Operating Cost Sensitivity to Solvent Extraction Process Parameters 3-7

TECHNOLOGY

Paper Discusses Geology's Role In Planning an In Situ Project 3-13

INTERNATIONAL

BLM Issues Final Rulemaking on Conversion of Existing Leases To Combined Hydrocarbon Leases 3-15
Mineable U.S. Tar Sand Resources Identified 3-16
U.S.G.S. Compiles Data on World Oil Sands/Heavy Oil Production and Reserves 3-20

STATUS OF OIL SANDS PROJECTS 3-27

RECENT OIL SANDS PUBLICATIONS 3-45

IV. COAL

PROJECT ACTIVITIES

Coal Projects Advance With the SFC	4-1
Breckinridge Project	4-1
Memphis Light, Gas, and Water Project	4-10
Peat Methanol Associates Project	4-15
Chokecherry Project Revised	4-21

CORPORATIONS

Davy McKee to License COGAS Processes	4-24
---	------

GOVERNMENT

1981 Federal Coal Management Report	4-26
---	------

ECONOMICS

Combined Cycle System Employing the KILnGAS Gasifier is Evaluated	4-27
---	------

TECHNOLOGY

Combustion Tests of Coal-Derived Fuels	4-30
Catalytic Coal Gasification	4-33
Direct Reduction for Ironmaking	4-35
Methanol-Automotive Fuel of the Future?	4-39

INTERNATIONAL

Australian Coal Conversion Projects	4-43
Fuel Methanol Use in Japan	4-43

ENVIRONMENT

Waste Management for Coal Conversion Processes	4-45
--	------

RESOURCES

Powder River Basin Lease Sale	4-53
Denver-Raton Mesa Coal Production Region Cancelled	4-47
Uinta-Southwestern Utah Region Lease Sale and Tract Ranking	4-57
Green River-Hams Fork Region Activities	4-62

STATUS OF COAL PROJECTS	4-63
-----------------------------------	------

RECENT COAL PUBLICATIONS	4-109
------------------------------------	-------

APPENDIX

APPENDIX

Reorganization of Federal Energy Functions: Detailed Description	5-1
Why Reorganization Is Necessary.	5-7
Title X — Sunset Review	5-25
Summary Tables 1 Through 8 — Detailed Program Accomplishments For Individual Programs.	5-27
Alberta Minister of Energy and Natural Resource's Letter Explaining Alsands Project	5-52
