Mr. James L. Ogilvie
Construction Engineer
Fryingpan Project
Bureau of Reclamation
P. O. Box 515
Pueblo, Colorado

PURCHASE OF LAND

I have been wanting to check into the Fuedi land situation for some time, and a letter from a disgruntled resident of the Fryingpan River valley prompted me to write to you.

What land has been purchased? How much more must be purchased for the reservoir area itself?

What is the status of the recreation plans? Has the Forest Service backed down one bit? How much land has the bureau bought for recreation purposes? When will a decision be made on the entire recreation problem?

Has the alignment of the road along the north side of the reservoir been finally settled? Does it follow the one proposed by the Forest Service or the one desired by residents?

Is everything awaiting the zoning actions by Pitkin and Eagle Counties?

Helene Monberg sent us a story a week ago quoting you as saying all the land would be acquired by July, but she did not spell out whether the land in question was just for the reservoir, for reservoir and some recreation, or for the reservoir and all the grandiose schemes of the Forest Service.
