Comic Opera Feb. 23, 24

Curtain! The scene opens with a group of sailors clustering by the quarter deck as they sing a song of the sea. The buildings of Portsmouth can be seen on the distant shore.

If you haven't guessed yet, it's the "H.M.S. Pinafore" or "The Laat That Loved a Sailor" that has just begun.

The "H.M.S. Pinafore" is an entirely original nautical comedy opera in two acts by Gilbert and Sullivan.

From the entire cast of about 75, the principal characters in the opera include:

Ralph Backward—able seaman.

Ray Lytle—supple monkey.

Bill Becket—boxer.

Dick Deadey—able seaman.

Bob Becket—carpenter's mate.

Lloyd Wilson—captain's son.

Josephine—captain's daughter.

Murray—captain's cousin.

Patsy Eaton—little birdie.

Lida—slippery-woman.

Helen Rowlands—promising woman.

Rita Randall is her campaigner. An- dora is Don Krebs, Ke- nny Hyde, Ben Miller, and around 125 students.

 palindrome is major she's always willing to help with concerts or assemblies. The members of the Dudes and Buttercup are the student body.

The costumed affair was some- what different. The scene was set in a tropical jungle and although the crowd was not as large as was hoped, everyone who attended had more than their share of fun.

The friendly atmosphere showed that the party,来了 that this type of get-together, is a good mix- ter of the students. This type of party is a hit with everyone. The guests, who attend the ordinary Saturday night party, were chosen the winners of the big successes of the winter season.

In years to come, it is hoped that these parties will grow to be one of the big successes of the winter season.

Now that you've had a chance to see some of the pinafore, the interest in the group. Have you known the group? This group of students is the Phi Theta Kappa chapter of Mesa College. The chapter is the third largest in the country and the situation is nearly desperate. When Little Buttercup enters the party, all of his acts are shown. One of the characters is a fox, or an Indian, or any of the others. The following is the list of the winners that attend the ordinary Saturday night party.

Kick in for the Maverick

College life only comes once, and this once should be the best years of your life. Being the best years of your life, you should be happy. Think of the wonderful time you had while you attended Mesa College. The best way to do this is to tell other people about the wonderful times you had while you attended Mesa College. Thank You for the Thoughtfulness

"Friendship is the medicine of life." Not only that, but it is a medicine that cures all ill. I found this out during my stay in the hospital. When I was operated and saw a beautiful bouquet of flowers given to me by my friends, I felt better. I'm glad to hear that you have no trouble doing this. Can I just go back to the wall from morning to night?

Thanks to all the girls at Mary Bait Hall, the Mesa College Faculty, my shorthand class and everyone else at Mesa College for your thoughtful while I was ill. You'll never know how much it meant to me.

Jean Tobin.

Do You Want a Student Union Building Now?

Plans are now underway for a Student Union building and it will be the near future. This is a good idea, mainly not so much for financial reasons, but also for our benefit and the benefit of the students who attend the college.

Grand Junction High School has a Quonset hut erected near their campus and it serves their needs very adequately besides doubling as an athletic room.

The high school has approximately 1500 students. New plans are under consideration to increase the enrollment of the high school can be accommodated in this building surely Mesa's student body could be held easily.

I commend the students for the social life of the campus besides providing a place for the students to relax, dance or just have a coke.

In my opinion every union building would be better than none at all besides being less costly. If the students would plan their social life will benefit and school spirit would rise.

How about it? Do you want a student union building?

Cramer's Speech Classes Begin

Breathing, Relaxation Exercises

What's this? It looks like Mrs. Cramer has converted the members of the class with me to a Mohammedism. It seems to me that whenever I sit on my knees with my head touching the floor, and I feel that my eyes are closed and I don't talk for a long time, I do the breathing exercises for these tense muscles. It seems to me that whenever I sit on my knees with my head touching the floor, and I feel that my eyes are closed and I don't talk for a long time, I do the breathing exercises for these tense muscles. If you do it just before a certain crisis, it seems to me that you can run 20 miles with 60 feet into the air and onto the stage for 24.)

Necessary for those who are interested in these dangerous tactics, the Cramer's speech classes are the principal medium, involved, which I do take, takes a day or two in t. service of your bedroom and your friends, and perfectly straightforward, rendered.

6. When you begin to lose your balance, put one foot forward.

7. Relax the body, and muscles until you are down on your knees with your head touching the floor and your eyes closed, and arms still relaxed.

8. Rest.

9. Gradually begin tugging the legs, muscles, etc., until you are again erect with only your neck and arms still relaxed.

10. Just sit on your knees and heat up and see it.

This point I may lengthen.

In addition to this, the speech classes do have some important features, which I do try standing exactly erect as possible, and then get up to a standing position, and as you try staying exactly erect as possible, and then get up to a standing position, and as you try until you are out of the air capacity you can.

This is probably the best way to learn about this, it will probably concern the speech class' opening performance at the Metropolitan Opera House. It is certain to be a total success.

How is your memory? Buy a movie ticket, go to the movies, and before you get home, recall your memories of Mesa College.

Women Offered Opportunity to Prove Ability Through Wartime Say Oklahoma Educators

Norman, Okla. (AP) — Women are competing successfully in many fields, they considered exclusive professions for men, six University of Oklahoma educators believe. The report agrees that a woman must be in her work, perhaps be in her profession, in order for her to prove her ability.

Money is available for women who wish to go on with higher education, the school's professors agree.

The report was issued by Dr. Horace B. Sneed Jr., law college dean, th.

U.S. Will Harm Us Says Ahmertah Pres.

Ahmertah, Mass. (AP) — Claiming that his country's military service is insufficient to meet the country's defense needs, one of the only countries without an armed forces, the president of the United States on Tuesday announced that the United States and Great Britain will volunteer for a joint military operation. The president, however, specified that the joint military operation would be limited to military service, and that the United States would be the only country without an armed forces.

One of the reasons for the lack of an armed forces was a lack of trained, educated, and skilled men. The president said that the United States would need to provide the United States with a trained and educated workforce.

Lovers' Day

Another Wednesday, St. Valentine's Day

"Flowers are red, violets are blue, St. Valentine gives you a gift to you."

That is a very old verse which has been sung at St. Valentine's Day for many years. The day of St. Valentine is a day to remember the love and affection that people have for each other.

When the college community is asked to name the best teaching class, the name of the class is always mentioned. The reason for this is that the class has done some very good things in the past. It has helped people to understand the importance of love and affection.

American History

The importance of love and affection is a topic that is often discussed in American history. In the early days of the United States, the importance of love and affection was emphasized. The founding fathers believed that love and affection were important in creating a successful country.

Mavericks Employ Economic Measures

This story will be a rejoinder on the noble art of smoking denups. No one would have thought that the cigarette had any redeeming characteristics. In fact, it has been said that smoking is a disease.

Many smokers have already given up smoking, and are now enjoying the pleasures of a healthy, smoke-free life. The goal is to eliminate smoking from society altogether.
