   [This school does have AP, honors and remedial courses. However, this class is a regular World History class. It does benefit though from the AVID program at this school. AVID is a program which looks to narrow the gap. It stands for Advancement Via Individual Determination. It’s goal is to help students who are willing to work hard gain the skills to be prepared for college. There are specific classes for AVID students, but there are also strategies that are used throughout the school. We use these other components, such as assignment types and reading strategies.]

4. Describe any district, school, or cooperating teacher requirements or expectations that might affect your planning or delivery of instruction, such as required curricula, pacing plan, use of specific instructional strategies, or standardized tests.

   [The school district uses standardized tests which they call GVC’s. These are standard across all of the high school world history classrooms. Additionally, the AVID strategies are used school wide.]
