Dear Wayne:

The Defensible Space area we marked turned out to be 0.5 acres. The maximum cost-share for it will be \$500, unless you want to enlarge it. The dwarf-mistletoe control area is 0.4 acres. The maximum cost-share for it will be \$80. I thought you should know these figures before you invest much time in the project.

The service charge for setting this up is \$20.00 per acre (\$18.00 for what's been done, so far), plus \$3.00 per cord. I'd be surprised if we find four cords to mark. The total will be around \$32.00. This is a cost-sharable expense. Don't pay it yet; wait until we finish marking, so we'll know the exact amount.

I will be back on August 2nd. I would like to complete marking and layout as soon as after that date as possible. I'll call you to set up a time we can get together.

If you have any questions, I'll answer them when I get back.

Sincerely,

Douglas J. Stevenson

Doug,

As you requested, enclosed is a plat map of St. Anton Highlands. I have highlighted the lots which I own (Lot 5-8 and 26), and for which I would like to apply for financial assistance in treating the trees on this property for dwarf mistletoe.

Please let me know what else is required in order to apply for the tree management program offered by the State of Colorado Forest Service.

Thank You,

Wayne Bailey
