boulder district

forest practices map

CRITERIA

FOR THE

STATE LANDS RESOURCE STATUS

1) R....Recon Necessary; Indicates state land which has a minimum of 20 acres of coniferous forest with possible management potential, as determined from aerial photos. A ground reconnaissance is recommended to determine if steps should be taken to place the area under forest management.

2) R-7-76 Recon Performed 7-76; A field check or ground reconnaissance was made on the date indicated.

3) I....Intensive Inventory Necessary; Indicates state land with definite possibilities for forest management. An intensive resource inventory and timber cruise is recommended.

4) I-6-74 Inventory Performed 6-74; An intensive resource inventory was completed on the date indicated.

5) M....Management Plan; A forest management plan has been prepared for the designated area.

6) F....Forest (Coniferous); These areas contain a minimum of 20 acres of coniferous forest (excluding piñon-juniper). Previously reconed areas are assumed to be forested unless otherwise indicated.

7) N....Nonforest; Designates sections which are predominately nonforested lands such as - disturbed sites, meadows, pastures, cultivated fields, shrub or brushland. They may contain aspen forest or less than 20 acres of coniferous forest.

8) NC...Noncommercial; Specifies sections which contain forest of such small area, low stocking level or poor quality, that practical forest management is not feasible.

9) A....Aspen; At least 20 acres of aspen are present on these areas.

10) PJ...Piñon Juniper; At least 20 acres of piñon juniper are present on these areas.

11) P-4-57....Partial Cut 4-57; Indicates that a portion of the timber was harvested on the date shown.

12) C-9-70....Completely Cut 9-70; Indicates that the forested area was essentially all harvested at the date shown.

NOTE: When two symbols are used together, the one on the left side will indicate the predominate vegetative type.

R-7-77

all additions since 7-1-77 will be circled in pencil on

RESOURCES STATUS
R···· RECON NECESSARY
R-7-76 RECON PERFORMED 7-76

MAINTENANCE PRIORITY: All roads maintained by Boulder County have been accepted for maintenance by resolution of the Board of County Commissioners. The County assumes full responsibility for maintaining these roads in an open, safe, and serviceable condition for public use. These roads all carry a maintenance priority number as follows:

1: Indicates that the road will be maintained to provide for continuous all-weather access with in the maximum capabilities of the County.
2: Indicates that the road will be maintained to provide for continuous all-weather access as time, available funds and manpower permit.
3: Indicates that the road will be maintained to provide for reasonable all-weather or seasonal access as time, available funds and manpower permit.
4: Indicates that the road will be maintained to provide for limited or seasonal access as necessary and as time, available funds and manpower permit.
0: Indicates that maintenance for the road is provided by governmental agencies other than the County or by private entities.

A road without a maintenance priority number indicates that the the road is not being maintained or private maintenance is provided in a form unacceptable to Boulder County.

ROAD NAME: The official name on record, local common name, or name used by local postal authorities for addressing.

COUNTY ROAD NUMBER: A number assigned to roads appearing on the Boulder County Road Map. The numbering system starts from the northeast corner of the County with east-west roads assigned even numbers and north-south roads assigned odd numbers. Roads west of the Foothills Hwy. (SH 93/US 36) generally carry numbers over 70 and may not follow the even/odd system. A County road number does not imply that County maintenance is provided.

SUBDIVISION OR LOCATION: The official name of a platted subdivision approved by the Boulder County Planning Commission and the Board of County Commissioners, as recorded with the County Clerk and Recorder. In cases where the road is not in a subdivision, this space will be used to further locate the road.

SECTION, TOWNSHIP & RANGE: Refer to the public land survey of the United States using the 6th Principal Meridian.

MAP KEY: Refers to the location on the Boulder County Road Map using the index numbers and letters on the top and right side of the map.

COMMISSIONER'S DISTRICT: Refers to the County Commissioners' road administrative districts.

SURFACE: P refers to concrete or asphalt paving.
G refers to gravel surfacing.

SYSTEM: P refers to primary system.
S refers to secondary system.

ROAD TYPE: F refers to freeway/expressway.
A refers to arterial.
C refers to collector.
L refers to local access.
J refers to jeep trail.

TERRAIN: F refers to flat and rolling.
M refers to mountainous.

MILEAGE: The length of the road section in miles.

DRIVEABILITY: D indicates th[illegible] [illegible]ble.

JURISDICTION: PU indica[illegible] [illegible]ted to the public [illegible]

MAINTENANCE PRIORITY: All roads maintained by Boulder County have been accepted for maintenance by resolution of the Board of County Commissioners. The County assumes full responsibility for maintaining these roads in an open, safe, and serviceable condition for public use. These roads all carry a maintenance priority number as follows:

1: Indicates that the road will be maintained to provide for continuous all-weather access within the maximum capabilities of the County.
2: Indicates that the road will be maintained to provide for continuous all-weather access as time, available funds and manpower permit.
3: Indicates that the road will be maintained to provide for reasonable all-weather or seasonal access as time, available funds and manpower permit.
4: Indicates that the road will be maintained to provide for limited or seasonal access as necessary and as time, available funds and manpower permit.
0: Indicates that maintenance for the road is provided by governmental agencies other than the County or by private entities.

A road without a maintenance priority number indicates that the the road is not being maintained or private maintenance is provided in a form unacceptable to Boulder County.
