Ī	Provide a brief scope of work that clearly describes how grant funds will be spent. (This should be more specific than the project description)
	Funding will be used to accomplish a series of mitigation efforts throughout the Lyons community. Mitigation efforts include defensible spacing, shaded fuel breaks, emergency ingress/egress, and forest thinning. Slash will be dealt with appropriately, most likely piled for burning at a later time, or chipped. Bole-wood will be dealt with appropriately, whether it is cut for firewood, or left for nutritional value to decompose on the forest floor. This project is a second phase of what was accomplished in the original Lyons FPD 35 acre ESF funding.
	Describe all planned long-term maintenance (grant funded or other). Currently, the goal is to move forward with the CWPP. Will also look for funding throughout the HOA's. Maintaining project conditions will continually take place as new vegetation becomes apparent.
