

CLEAN FUELS STANDARD WORKSHOP
Drury Plaza Hotel
828 Paseo De Peralta, Santa Fe, NM 87501
September 30, 2021

Thursday, September 30

- 8:30 a.m. Welcome and Agenda Review**
- 8:50 a.m. Insights from States with a Clean Fuel Standard – California and Oregon**
This segment will feature presentations from the two existing state programs - California and Oregon. The discussion will focus on successes and challenges so far and where they hope to take their programs in the future. California and Oregon representatives will highlight the benefits, opportunities and challenges of their programs to help their colleagues understand what the policy might mean in their state.
- Richard Corey, Executive Officer, California Air Resources Board
 - Cory-Ann Wind, Clean Fuels Program Manager, Oregon DEQ
- 10:00 a.m. 15-minute break**
- 10:15 a.m. The Role of Clean Fuel Standards on the Road to Carbon Neutrality**
*Colin Murphy, Deputy Director
Policy Institute for Energy, Environment, & the Economy, Univ. of Cal., Davis*
- 10:45 a.m. An NGO Perspective on Clean Fuel Standards**
*Jeremy Martin, Director of Fuels Policy, Senior Scientist
Clean Transportation Program, Union of Concerned Scientists*
- 11:15 a.m. 10-minute break**
- 11:25 a.m. The Washington State Story**
*Washington passed a clean fuels standard in the last legislative session. **State Senator Reuven Carlyle** will tell the story of how Washington's legislature, governor, and stakeholders came to embrace the clean fuels standard.*
(Note: Washington program staff are unable to attend but will provide a video update on their implementation status which will be available to workshop participants prior to the meeting.)
- 12:00 p.m. Lunch – Palace B Conference Room**

- 1:00 p.m. Industry Perspectives on the Economic Opportunities of a Clean Fuels Standard**
In addition to reducing the carbon intensity of transportation fuels, the primary reasons that states are considering and adopting clean fuel standards are the jobs and economic benefits that these programs deliver at the state level. This panel will provide real world perspectives on how decarbonizing transportation creates economic opportunity.
- Rebecca Boudreaux, Oberon Fuels, President and CEO
 - Dan Bowerson, Alliance for Automotive Innovation, Senior Director, Energy & Environment
 - Lindsay Fitzgerald, Gevo, Inc., VP of Government Relations
 - Sahar Kamali, Clean Energy Fuels, Director of Sustainability
 - Andrew Leedom, BayoTech, General Counsel
 - Jonathon Lehman, American Coalition for Ethanol, Lobbyist
 - Evan Neyland, Clean Fuels Manager, ChargePoint
 - Aaron Robinson, United Airlines, Senior Manager, Environmental Strategy & Sustainability
- 2:15 p.m. 15-minute break**
- 2:30 p.m. Industry Perspectives (continued)**
- 3:00 p.m. Update from States Working to Advance a Clean Fuels Standard**
This panel will explore the reasons policy makers in New Mexico and Minnesota support adoption of a clean fuels standard in their states. What do they see as compelling reasons to go with a clean fuels standard? Who are key constituencies and what outcomes do they hope to achieve with this policy?
- 3:50 p.m. 10-minute break**
- 4:00 p.m. Identify next steps:**
- What questions do you have after today's session?
 - How should states, industry and NGOs continue to work together?
 - How can we help meet the needs for more information and analysis?
- 4:30 p.m. Adjourn workshop**
