CSFS ACCOUNTING REQUEST

CSFS # 813

Revised 12/01/02

DATE: 8/25/05

TO: State Office Accounting

FROM: Kathy R. Foster
(signature of CSFS employee initiating request)

THIS IS A REQUEST FOR (CHECK ONE):

Please attach copies of all appropriate supporting documents.

G JOURNAL ENTRY/ACCOUNT TRANSFER:

Transfer \$ 5340.00 Reason for transfer: Forfeiture of Perf. Bond
due to damage to Culvert. *Document #: _____ Invoice #: 28152 FY 92/93Vendor name: Big Horn LumberDebit funding 196060 - 0604 Credit funding (999870 - 0641)
Account Subcode Account Subcode

Signature _____ Signature _____

G HOURLY PAYROLL/OVERTIME EXPENSE TRANSFER:

Transfer \$ _____ Reason for transfer: _____

Employee name: _____ PPE Date: _____

Debit funding _____ - _____ Credit funding (_____ - _____)
Account Subcode Account Subcode

Signature _____ Signature _____

G CUSTOMER PAYMENT REFUND:

Send refund in amount of \$ _____ to customer listed below.

Received on CSFS Invoice # _____ FY _____

Name: _____

Address: _____

Reason for refund: _____

* District copy of invoice destroyed due to leak in
Storage Bldg roof & subsequent mold.

RE: Section 36, Township 11 North, Range 77 West

Dear Mr. Hughes:

In reference to your letter regarding the purchase of the above captioned property, the new Colorado State Land Board is not considering any sale applications of State Land until the new board has been in place for several months.

I assure you that you are not the first person to suggest finding ways to access these isolated parcels. This is basically a legislative matter which prior Boards have elected NOT to pursue. If a sale were to occur on a parcel of State Land that is timbered, we could implement a requirement that the Forest Management Plan continue as a condition of the sale. Keep in mind, that the State Land Board's mission is to generate revenue for the school children of the state, and the sale of this "isolated" parcel could perhaps be for the best interest of the trust by repositioning that asset in an area where we could obtain legal access and provide better stewardship and management.

I appreciate your concerns and suggestions. Any time the State Land Board is considering disposing of any lands, your agency is notified, and we will continue to do so.

Should you have any questions or concerns on this or any other matters, you are always welcome to contact our office.

Sincerely,

Nancy J. Forte

Dear Bill:

In response to your letter concerning Bighorn Lumber Co.'s performance bond, I will need to visit with you up there on the site this summer. A final timber harvest inspection will need to be performed before the performance bond can be refunded.

Please let me know when you will be at the LaGarde Creek Section to arrange a time to meet.
Call me at 491-8453 with questions or comments.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael M. Hughes". The signature is fluid and cursive.

Ft. Collins, CO 80523

Dear Mike,
Bighorn Lumber Co., Inc. has completed all work as listed in
the Timber Sale Contract dated October 28, 1992. Thus, kindly
send a check for \$5340 to Bighorn, this amount is the performance
bond for said contract.

If you have any questions on this matter, please call.

Sincerely,

Bill Gherardi

Ray Mehaffey
Colorado State Forest Service
Foothills Campus
Ft. Collins, CO 80523

Dear Ray,

This letter will document the need for funding and manpower for the reforestation project on Section 36, 11 North, 77 West.

The total area burned by wildfire in 1989 was 57 acres. Assuming natural regeneration will occur along the southern stand boundary for a distance of 2-5 tree heights; thus 58 chains x 2 chains = 116 chains² or approx. 12 acres which will be naturally seeded.

Therefore, 45 acres remains to be planted since there is no available seed source. Planting can begin once the salvagable timber has been logged.

Project Requirements:

1. 45 acres @ 200 seedlings per acre = 9000 lodgepole seedlings
2. contract labor at 250 trees/day = 36 man-days.

Do you have any ideas on how this project can be funded and accomplished within the next 2-3 years?

Sincerely,

William Gherardi
William Gherardi
Forester

I feel it is better to wait to see what natural reforestation occurs after fire. Costs of planting are high & site does not justify planting this early. Make a survey in 1994 to see what is needed.

Ray

MEMORANDUM

DATE: June 22, 1992
TO: Field Offices and Area Foresters
FROM: Tom Ostermann *AO*
SUBJECT: State Land Improvement Proposals

We have just reached agreement with the SLB on a new lease arrangement for the next 20 years. There are some changes administratively but it will not effect implementation on the ground. Please continue on as you have in the past.

The main change is that the State Forest and all of the scattered school sections are on the same agreement and will be operated as one. Another change is that the \$10,000 they paid previously for the state forest will now be for State Land Improvement projects. SLI projects will be on a fiscal year basis as opposed to calendar year.

Attached is the information on SLI project proposals for FY 93. Complete one 817-C² for each separate project and prioritize them for your district. Remember these are non-appropriated accounts so figure in the indirect rate of 15%.

Please submit them via your area forester to myself by July 17th. Area Foresters please prioritize projects for your area.

Thanks for your patience.
