

# Animation of Annual Survey Effort

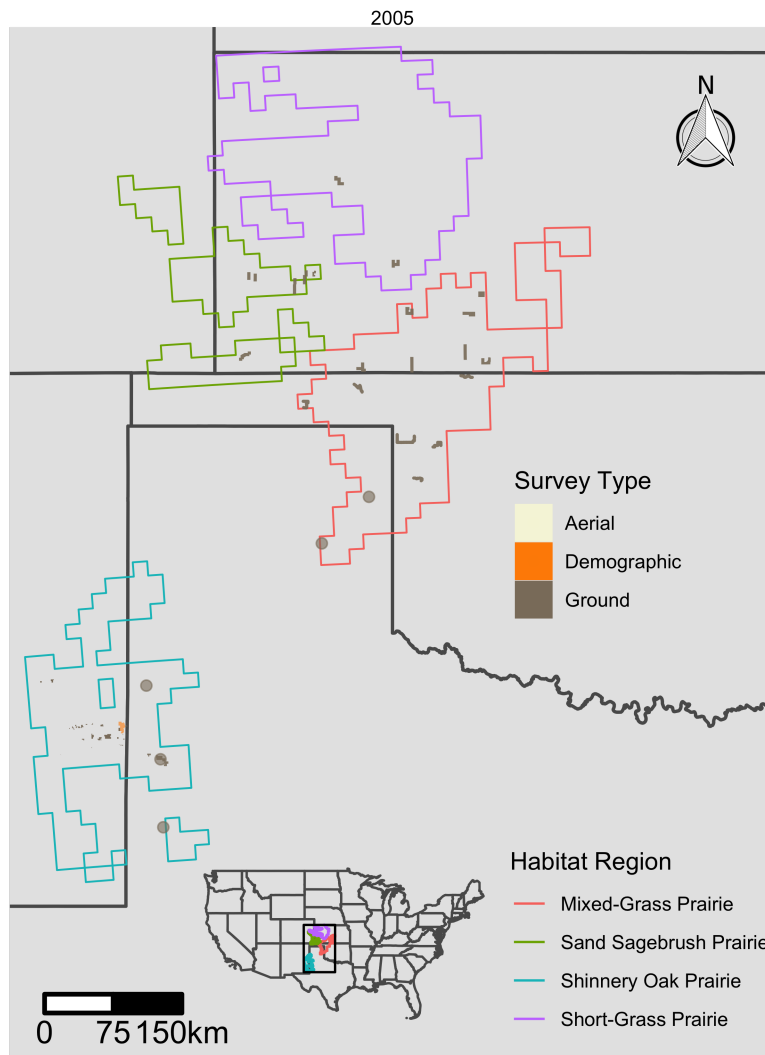

Figure 1: Animation of annual aerial, ground, and demographic survey regions. All productivity data acquired from Unger (2017) was collected in Beaver County, Oklahoma (orange circle, exact location not shown for data privacy purposes). Texas Parks & Wildlife Department ground survey regions in Hemphill, Gray, Bailey, and Gaines counties (gray circles) also not shown. Ground survey site in Cochran/Yoakum county represented by gray polygon between gray dots in Texas Shinnery Oak Prairie.
