Rethinking Our Homes: New IBE Whitepaper

This year IBE turned 30! To commemorate, we're looking to the future. In our completely updated and expanded whitepaper, [Lifelong Homes & Communities Initiative: Safe, Healthy & Accessible Homes for All](#), we rethink how homes and neighborhoods can help us live our best lives today and into the future. We document the growing need for homes and communities to support us at every stage of life and every ability level.

Interested in learning more? [Read the whitepaper](#) for more about design criteria and to see how four different pilot projects are implementing lifelong communities and homes on their projects.

If you'd like to pilot, partner, or stay updated on our Lifelong efforts, send us an [email](#).

Invest in Impact

Private donations advance IBE's strategic initiatives in ways our project work cannot: by translating research to practice to guide the entire green building movement forward. [Your gift](#) can support our Lifelong Homes & Communities initiative and student stipends.
