# **ZOMBIES FROM THE BEYOND...**

...is a musical comedy celebration of American ideals and foibles in the Eisenhower era. Songs, dances, and laughs abound in the unlikelyst of settings as the Cold War and space race paranoia threaten the good folks at the Milwaukee Space Center in 1955, where the staff is all abuzz at the arrival of rocket scientist Trenton Corbett. The budding romance of Trenton and Mary is jeopardized when a flying saucer piloted by the scintillating Queen Zombina lands in Milwaukee. *Zombies from the Beyond* brings the 1950s nostalgically and hilariously to life with a tuneful, toe-tapping score.
