

M E M O R A N D U M

TO: Ron Gosnell, Area Forester
Cindy Hottel, CED

DATE: December 12, 1992

FROM: Doug Stevenson, Assistant District Forester

SUBJECT: Kate Sparks Stewardship Incentives Project(s)

REMARKS:

The Sparks have withdrawn from the Stewardship Incentives Program by letter dated November 29, 1992 (copy enclosed) and confirmed by phone on December 14, 1992.

RON: As I understand the functioning of the program, money available through withdrawals is reassigned on the same district, while money available through slippage is reassigned state-wide. I would like to fund Jim Frank's Stewardship plan (\$251.00); Craig will provide a name for the other \$864.00.

11\29\92

Dear Doug,

Thankyou for your planting plan. Enclosed please find a check for \$40.00 to cover those services. Since you were up here my wife and I have talked long about what we should do. Our discussions seem to take place in the early mornings and early evenings as we watch the local deer population strip what vegetation we have. We feel our only hope is to plant larger trees that will stand more abuse. Spending \$1000.00 on deer food seems to be what we would be doing in planting seedlings.

Thankyou again for your time and energy.

Sincerely.

Barry Sparks
161 Boulder View Rd.
Boulder, Colo. 80302

*Intent clarified in
phone call of 12/14/92.
They wish to withdraw
from program.*
