THE CSU SPUR FAMILY GROWS!

CSU SPUR'S BIG SPLASH!

Hydro building opening and the CSU Spur campus completion

JOIN US JAN. 6

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

to celebrate the Hydro building opening and the CSU Spur campus completion:

Ride the wave of excitement as we open the doors to Hydro, a building that showcases the importance of water to our livelihood and connects visitors with researchers and scientists conducting important work that will keep our water safe and available for the future.

Hydro is home to Denver Water's new water quality lab, a 230-capacity theater space, our "backyard" space with connectivity to the South Platte River, interactive art and exhibits, artist studios, a café, event spaces, and more.

While you're at the event, explore the full CSU Spur campus: Vida, Terra, and Hydro. All buildings will be open from 12 p.m. to 4 p.m. on event day, Friday, Jan. 6, 2023.

[RSVP Here](#)

Join the [Coalition for the Poudre River Watershed \(CPRW\)](#) at [OBC Wine Project](#) to taste delicious wine and cheese while learning more about CPRW's projects in the Poudre Watershed. All proceeds will support CPRW's projects and programs that help improve and maintain the ecological health of the Poudre River Watershed.

Tickets include four wine and cheese pairings with tasting guidance from experts from OBC Wine Project and [Get Plattered](#).

Thank you to our friends at OBC Wine Project for generously donating event space and wine!

Water Scholar Award

Water Scholar Award: Application Information

The Colorado State University [Water Resources Archive](#) is now welcoming applications for the 2023 Water Scholar Award.

This annual award grants funding to researchers whose work on western water would benefit from access to the collection. The award is intended to help offset the expenses of researchers engaged in studies that will benefit from access to the holdings of the Water Resources Archive as well as costs associated with presentations, publications, or other products resulting from that research. For the 2023 award, the total amount of funding is capped at \$3,200.

Applications are due **January 31**. Find full information in PDF file below.

We welcome applicants from any profession and any discipline, as well as from anywhere in the U.S. and abroad. Email [Patty Rettig](#) (link at right) with any questions.

[Apply Here](#)

CUAHSI offers [funding opportunities](#) for students and researchers in the water sciences. While these awards and fellowships may be relatively small, the impact may be large. Get your application materials ready! The call for proposals is open now for both the Pathfinder and Hydroinformatics Innovation Fellowships. Deadline to apply for each: January 11, 2023.

- [Hydroinformatics Innovation Fellowship](#)
- [Pathfinder Fellowship](#)

You will find the links to apply in the information page for each of the Fellowships (linked above). If you have questions about any of CUASHI fellowships, please contact Veronica Sosa Gonzalez at vgonzalez@cuahsi.org.

APPLY NOW!

Please join us on December 10th from 6-10 PM for an enchanting evening of food, festivity, and fun! The Headwaters Center in downtown Winter Park is hosting its first annual Rocky Mountain Yule Celebration! Dress up and cut a rug to a classic “roots, rock, soul, and funk” performance by Chris Daniels and the Kings.

Get Your Tickets NOW!

CALL FOR ABSTRACTS

2023 UCOWR/NIWR Annual Water Resources Conference
June 13-15, 2023, Fort Collins, CO

The conference planning committee invites abstract submissions for the 2023 UCOWR/NIWR Water Resources Conference. Please join us on the beautiful campus of Colorado State University at the base of the Rocky Mountains. A changing climate with severe droughts in the West and extreme floods in the East, water quality and reuse issues, and increased food and energy needs, highlight the numerous water challenges facing society and water resources professionals. UCOWR and NIWR invite you to engage with leading researchers, educators, water managers, students, and other professionals from across the globe as we seek to develop new and innovative collaborations and transdisciplinary solutions to complex water resources challenges.

Abstract Submission Abstracts (300 words max.) for oral, poster, panel, lightning, and participatory presentations should be submitted electronically.

The deadline to submit abstracts is: January 30, 2023 Notification of acceptance will be in late February.

If accepted and presented, abstracts will be available for viewing on the Conference Platform & App during and after the conference.

Job Highlights

[Senior Policy Manager, Western Water](#)

The Senior Policy Manager, Western Water will support policy efforts and government affairs functions to advance Audubon's mission and bird conservation objectives within our Western Water Initiative as part of Audubon's national strategy for Water Conservation. Reporting to the Policy Director, Water Conservation they will serve as a part of the Western Water team and work in collaboration with other national, regional, and state policy and program staff and external partners.

The Senior Policy Manager will play a key role in implementing the Western Water Initiative's vision for transformative water policy solutions. The Senior Policy Manager will help mobilize an effective conservation network of hundreds of thousands of Audubon members and other supporters; and build and maintain working relationships with a broad range of stakeholders, including the coalition of NGOs focused on the Colorado River basin, federal legislative offices and officials, and federal and/or state agencies. Audubon is committed to turning pragmatic policy ideas and science-based solutions into real protections for birds and the places they and we all need to thrive.
