Dear Cliff:

Your Landowner Assistance Program application has been reviewed. The amount approved is shown on the attached copy of your application. Our office received nearly \$90,000 in grant requests. We were only able to partially fund projects and some were not funded at all.

This grant requires a 50/50 fund match. The project must be completed September 1, 2008. If it becomes apparent you will not be able to complete the project by this day, please contact our office as soon as possible.

Enclosed you will also find an Accomplishment Report and a Cost Documentation form. Upon completion of the practice, contact our office to schedule a final inspection. All costs and revenues must be documented on these forms. Final reimbursement cannot be processed without completion of these forms.

If you have any questions or concerns, please call me at (970) 491-8453. Thank you for your interest in the stewardship of your forest and in our Landowner Assistance Program.

Sincerely,

Dear Mike,

Please find enclosed my application for the WUI cost share program. I have also included the map of where the 2 acres of work will be done. 1.5 acres will be a continuous operation of the FLEP program we have followed in the past. This is at the bottom of my big hill down by the property line road. (Section 6b) The other .5 acre is on top (flat area) of Section 5 shown on the map. There are a lot of dead trees in this part that haven't been addressed yet. The fire hazard is very high where these are so I believe we should concentrate part of our time and effort to reducing this hazard.

I hope I have filled out the right papers.

Thanks,
