Hi Judy,

Made minor changes to the coordinates, some of the numbers did not fit the exclosures dimensions. We changed the X-coordinate for cage 1,2 and 4 in 11G/U. In 5A U/U, we changed the Y-coordinate for cage 1, and 3, and in 5A roun the X-coordinate was changed for cage 7, cage 10 X and Y were changed.

The attached files show the changes, let me know if you have any questions.

Thanks
